Welcome to CCHS!

Hello!

Welcome to another school year!

**This year I will be teaching
Algebra 1A and Business Math**

**this year. I am excited to
continue to work with some of
the same students as last year in
growing their math skills, and
work with new students as they
start their high school journey.
Lets have a great school year!**

Meet Mrs. Gilbert

I am excited to be teaching at Capital City High School and look forward to starting this school year. This will be my ninth year teaching, all of which have been in the Jefferson City School District. I have a Bachelor of Science degree in Education from the University of Missouri (Go Tigers!) and a Masters of Education in Administration degree from William Woods University. My husband and I reside in Jefferson City with our three daughters and a dog. Outside of school, our family enjoys attending St. Louis Cardinals games and Mizzou football games. We also enjoy spending time at our family lake house during the summer. In my spare time, I enjoy reading, baking, jigsaw puzzles and spending time with family.
