Welcome to Spanish I!

In Spanish I, students will acquire the skills, to listen, speak, read, and write in the Spanish language at the Novice Level. This course provides the foundational principles of the language to allow students to communicate in a "survival" mode and will prepare them to move on in the more advanced language courses.

Meet Mrs. Dochterman

I have been teaching since 2019 but this is my first year at Capital City High School. My husband and I recently celebrated our fourth year of marriage and last year we celebrated the birth of our little boy! I am so excited to be teaching you all this year! I love reading, spending time with friends and family, and ALL things Spanish.
