

JC SCHOOLS ATTENDANCE TIPS:

EVERY DAY COUNTS!

Develop a regular bedtime and morning routine for your student.

Prepare for school the night before by planning for meals, picking out clothes, and packing your student's backpack.

Make sure your student's homework is completed the night before so it can be turned in on time.

Encourage regular attendance by only letting your child stay home if they are sick.

Know the Start & End Times for your student's school.

Know your student's transportation plan (pick-up and drop-off times for car riders and bus stop times for bus riders).

Designate a family member, friend, or other parent to provide your student back-up transportation for unexpected situations.

Only school activities (field trips, sports, clubs) count as present. All other missed instructional time will result in an absence.

Monitor your student's attendance daily on the Infinite Campus Parent Portal.

Get to know the team at your student's school. Principals, teachers, counselors, nurses, social workers, and so many others – they are all here to help!
