Did you Know?

Belair receives a report card!

Just as your child receives a report card as a communication tool for you Belair also receives a report card from DESE (Department of Elementary and Secondary Education). One area of reporting for schools is attendance. Each school strives to reach 90/90 -- 90% of the schools population at school 90% of the time. According to where your attendance falls during the tracking cycle determines the overall points a school receives.

As a school wide incentive to help us meet our 90/90, each day we have everyone in our class at school we get to put up one of 6 letters to spell BELAIR. Once we have all 6 letters up, we have spelled Belair, our class earns as EXTRA recess. We have not met this goal YET..... LET'S DO THIS before May 22nd. 30 days of first grade left – WE CAN DO IT!

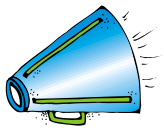

EVERY DAY COUNTS -- JC Schools Attendance Matters

This week we continued to work through Module 5: Units of Ten. This week we began exploring Topic C – Addition of one-digit and two-digit numbers.

This week we've applied our place value understanding of tens and ones as we worked to add a two-digit numbers with a one-digit number. We've used a variety of models this week as support. Models we've used include: cubes, drawings, number paths, counting beads and tens and ones models.

Looking for patterns in numbers as well as finding the missing number, what do the digits in the tens and ones place identify, modeling a 2-digit number with tens and ones and solving for a total were our learning targets this week.

AMPS Rotation

4/14 – 4/18

Mon.
