Plan Time: 12:55 - 1:45

WOW! Who could have imagined what the last nine months held for each one of us. We have laughed, cried, celebrated and most of all grown academically and socially. I cannot express to you the gratitude I feel when I look back on where we started and how far we have come this year. I am overjoyed and saddened to see your child move on, but watch proudly as they all have shown me that they are capable of beginning their second grade journey with the tools to they will need to succeed. Thank you for trusting in my ability to teach your child. I deeply appreciate the support you have given me and my classroom this year. I hope you have seen as much growth in your child at home as I have at school. I can only hope that my parents next year will be as dedicated and supportive as you have been. I encourage you to keep up the hard work and dedication in your child's education. You are an important part of the puzzle that will aid in the success of your child. I look forward to seeing how your child will develop in the years to come!

Together, you and your child have created an image for teaching that I cherish and wish more educators had the joy of experiencing. I hope the rest of your child's education is as fulfilling as this year has been! Enjoy your summer and best wishes in second grade!

Love, Mrs. Hall

Happy Summer Birthdays

Evelynn Diple -- June 1st
