*Enroll in the Chromebook/iPad Insurance Program*

## ***Jefferson City School District***

### **Enroll in the Program**

Jefferson City School District ("JC Schools") is partnering with ***One2One Risk Solutions*** to provide risk management administrative services for our 1:World learning initiative.

Please visit

["www.one2onerisk.com"](http://www.one2onerisk.com) to enroll in the program. You will be prompted for the following information: State | School District | School | Student ID Number

Those that do not wish to enroll using the website may enroll during the night of Parent Orientation. Participation in the JC Schools insurance program is an important part of the 1:World learning experience. Those that do not enroll will not be able to take their district issued iPad/Chromebooks off school grounds for home use.

## Terms You May Need To Know

---

- If a student disrupts the learning environment, he or she may be asked to move to a different seat.
  - The *Safe Seat* is a seat within the classroom where students can still be a part of the class, but hopefully removed enough to refocus on learning.
  - The *Buddy Seat* is a seat in another classroom on the team. This provides another opportunity for the student to cool down and refocus.
- Teachers will have a conversation with the student later to discuss the issue.
- These movements keep the student in a learning environment without disciplinary action. Parents are notified if this happens frequently.
