Mrs. Eiken's Class

February 12, 2021

At West Elementary School, we provide students with "I can" statements to set a purpose for our learning each day. Our learning goals for this week are...

Literacy:

- *I can explain what the author is trying to persuade the reader to think or do.
- *I can compare and contrast the important points and key details on the same topic.

Math:

- *I can identify equal parts of a given whole.
- *I can identify if parts are equal or unequal.
- *I can write the fraction that represents the shaded part of a whole.
- *I can use a unit fraction to draw a picture of the whole.

Writer's Workshop:

- *I can state an opinion or establish a position.
- *I can introduce a topic or text being studied using complete sentences.
- *I can include a topic sentence supported by facts and details.
- *I can follow the writing process by writing a draft with a clear beginning, middle and end.
- *I can provide reasons for my opinion.

At home practice of multiplying single digits would be beneficial to your child. Also practice with telling time and counting money.
