

Third Grade News

Mrs. Eiken's Class

April 28, 2023

At West Elementary School, we provide students with "I can" statements to set a purpose for our learning each day. Our learning goals for this week are...

Literacy:

We will be reviewing literacy concepts that we have worked on this year such as main idea, compare and contrast and character.

Math:

We will be taking our 2D shapes test on Monday. We will also review measurement on Thursday and test on Friday. We will be map testing in math on Tuesday and Wednesday morning.

Writer's Workshop:

We will continue to write poetry as time allows this week along with paragraph writing.

Science:

*I can make a claim about the merit of a solution to a problem caused when the environment changes and the types of plants and animals that live there may change.

*I can make a claim about the merit of a design solution that reduces the impacts of weather-related hazards.

Social Studies:

- * I can define economy and give examples of different types of economies.
- * I can define taxes and explain how taxes are generated and used.
- *I can explain supply and demand.
- *I can conduct a personal cost-benefit analysis.

We will be MAP testing Tuesday, May 2nd and Wednesday, May 3rd in math. We will test first thing in the morning, so please help your child get a good night's rest so they are here on time and ready to show what they know! Thank you for your support!

If you have not yet returned your child's park permission slip, please do so by Monday. We hope you can join us for lunch!

Report cards will go home on Thursday, May 18th.

May				
monday	tuesday	wednesday	thursday	friday
