

Third Grade News

Mrs. Eiken's Class

April 7, 2023

At West Elementary School, we provide students with "I can" statements to set a purpose for our learning each day. Our learning goals for this week are...

Literacy:

We will be reviewing our reading standards, in addition to preparing for testing through our Schoolnet Map practice tests.

Math:

*I can use data shown in a line plot to answer questions.

*I can solve problems involving addition and subtraction of minutes.

Writer's Workshop:

We will be reviewing grammar concepts such as coordinating conjunctions and complex sentences.

Science:

*I can make a claim about the merit of a solution to a problem caused when the environment changes and the types of plants and animals that live there may change.

*I can make a claim about the merit of a design solution that reduces the impacts of weather-related hazards.

Social Studies:

* I can define economy and give examples of different types of economies.

* I can define taxes and explain how taxes are generated and used.

*I can explain supply and demand.

*I can conduct a personal cost-benefit analysis.

Map testing is coming up at the end of April/beginning of May.

Reviewing skills like adding, subtracting, telling time and counting money would be great practice for your child.
