Reading— Students should be working on their Reading IReady personalized learning license, as well as the Sequencing the Text IReady lesson in the work packet. Students should also work on the Test Taking Strategies passage and questions to prepare for our upcoming standardized tests. Students were able to bring home books from the library, and book club books, so they should have a reading counts quiz ready to take when we return.

Math: Students should be working on their Math IReady personalized learning license. GoMath lessons have also been assigned to them in their Think Central accounts. Students also have perimeter, multiplication, division, fractions, and decimals review in their work packets.

Writing: Students have an IReady lesson in their work packets, "Explaining an Author's Reasons and Evidence." Students need to practice reading the passage, and using reasons and evidence to support their answers to the questions.

MAP TEST DATES

The window for this year's MAP Test is April 27-May 15. It is very important that your fourth grade is present on the testing days. If at possible, please avoid scheduling doctor's appointments or trips during these dates. We have worked very hard this year and it is your child's time to shine on the test! Thanks!
