

iPad Apps (underlined ones may work easily on the iPhone as well)

COMMUNICATION

- Speech Buttons
- Yes-No Your Way

ORGANIZATION TOOLS

- Time Timer or there's a free one called VisTimerfree

SENSORY TOOLS

- Fluid 2
- Fluidity HD
- Relax Melodies Premium
- Light Box and Sound Box

HIGHER LEVEL APPS

- PopWords! (like Boggle)
- Skill Game (great for problem solving and fine motor coordination)

BASICS

- Phone4kids (can have kids practice their phone #)
- Beginning colors, Beginning Shapes, Beginning numbers (templates for practicing writing colors, shapes, #s)
- Find the match (Ebenezer school..) - free matching shapes/simple designs
- Lil Brainiac

VISUAL MOTOR

- Coloring + (fill or pencil tip available)
- Fun bubbles lite (make then pop your own bubbles)
- Color dots
- Squiggles (great for smooth, fluid loop strokes)
- Bugs & Buttons AND Bugs & Bubbles (all kinds of great options for visual motor/visual tracking/sorting/etc)
- Hey Dooda! Dot to dot (more complex)
- Connect the dots for kids
- Happy Touch dot to dot (visual prompts given with number order)
- Tap Tap Ants

PUZZLES

- ABC Puzzles Lite - 4/9 pieces
- Jigsaw Puzzles - M2H studios (24-96 pcs with varying degrees of visual prompts)
- Puzzler (makes pictures into puzzles)
- Wooden Puzzles Set 1 & 2 (basic letters/shapes/#s - like inset)
- Kids Puzzle Free

- Amazing View
- Puzzle Plus
- Build a Toy

VISUAL PERCEPTUAL

- Button Board
- My Mosaic
- Highlights hidden pictures (free version and can purchase more)
- Flow free
- Matrix Match 1 & 2
- Montessori Patterning
- iMazing (can adjust difficulty level)
- Monster hunt (EXCELLENT visual memory game)
- Memory!
- What's Diff 1, 2, & 3
- Find me! For kids HD (excellent visual scanning)
- Smarty: Find the Pair HD lite (more complex visual discrimination)
- Things to Spot (more simple hidden pictures)
- Kids Tangram
- Tangrams
- Patterns! HD
- Pattern Search
- Word Search

VISUAL SKILLS

- Left/Right Pup
- Presents
- Visual Attention
- Letter tracking (excellent - won't let you move at random - must move left to right and down the rows)
- Lost in Letters
- iLetter
- Hoppy's Vision Training 1

HANDWRITING

- Letter School (very good repetition with 3rd attempt on your own; can adjust to letter style, including D'Nealian)
- Letter Reflex (for reversals remediation)
- Write my Name (by Injini; has name portion, ABCs in uppercase/lowercase and word cards)
- Little Writer for Kids (by alligator apps - very simple)
- ABC tracer (more challenging by having to stay on dots versus path)
- Writing Pad (different size lines/grid)
- Ready to Print (designed by OT - EXCELLENT for pre-writing phase students - can create users and track progress)
- Type fun Lite - typing program
- Blackboard (fun for drawing/writing)

WORDS

- Amazing First Words (by Joy Preschool Game; letter match by dragging letters to full word; I have used it for match and then copy onto paper)
- Kids crosswords (by Learning touch; buy full version - does word building/letter sounds with match initially then on your own)
- Wordsearch Kids HD (simple to use)
