

# Early Childhood Professions

Nichols Career Center  
2 Year Program

## Course Information:

Beginning in 2022-2023, Early Childhood Professions will be offered to high school juniors and seniors.

This course provides students with the primary knowledge and skills needed for a future career in childcare or early childhood education. Students have the opportunity to complete their practicum hours, child development associate training, portfolio requirements, and course work under the guidance of a certified CTE instructor.

**Interested students should talk to their school counselor to find out how to enroll. Space is limited, so act now!**
