Tips and Tricks for Teachers and Administrators

Performance by Standard on Homepage

Teachers can **view students’ Performance by Standard** on the homepage of Schoolnet for each assessment that has been administered.

By default, Overall Performance is displayed on the homepage which gives the students’ overall percentage and points earned out of points possible. Teachers can choose instead to look at Performance by Standard by choosing one standard at a time. This view will show teachers the percentage and points earned out of points possible for that particular standard.

1. Overall Performance is shown by default
2. Use the **Performance by Standard drop-down menu to choose a specific standard**
3. Scores for each student that pertain to the specific standard will be shown

The image displays three sequential screenshots of the Schoolnet 'My Classroom' interface, illustrating how to view student performance by standard. Each screenshot includes red callout boxes with numbers 1, 2, and 3.

Screenshot 1 (Left): Shows the 'Overall Performance' view. A red box labeled '1' points to the 'Overall Performance' tab. Another red box labeled '2' points to the 'Performance by Standard' dropdown menu. A third red box labeled '3' points to the 'Test Name is listed here' dropdown.
