Item Analysis Report

Teachers can access an **Item Analysis** report that shows item-level data for each student. This report lists all items across the top of the page, with student names on the left-hand side. Green checkmarks indicate that the question was answered correctly, while a red letter represents the incorrect answer that was chosen.

1. Choose the **correct section** on the teacher homepage
2. Make sure the **District & Local Tests** tab is selected (or the Classroom Tests tab if this is a test that the teacher has created and scheduled him/herself)
3. Choose the correct test from the **test drop-down list**
4. Click the **Item Analysis** link
