

Dual Credit Withdraw Form

If a student misses the Add/Drop date for the semester, they may still take a withdraw from their course/s. A “W” will appear on the student’s Drury transcript, which does not affect the Drury GPA.

After the drop date has passed each semester, the dual credit student is now in the withdraw window and is financially responsible for all tuition charges for the course/s.

Drury dual credit students must contact their school counselor and fill out the Withdraw Form in its entirety. Drop dates are listed below and are listed on the Dual Credit Timelines.
