659-3165

Plan time: 1:35-2:25

**Math:** Students will continue to learn about 3-digit numbers. They will be able to identify the value of a digit, it's place value and write it in more than one form.

**Language:** Students will identify the four types of sentences (interrogative, imperative, exclamatory, declarative).

**Reading:** Students can identify the beginning, middle, end of a personal narrative.

**Reading Logs Due October 1st!!**

**Writing:** Students will learn the steps of the writing process and apply them to their personal narrative about A Day With....

**Science:** We are beginning our first science unit on Matter! Students will be able to identify the different types of matter.

**\*\*Students are coming home with a reading log**
