Student Handbook

The School Handbook was prepared for the purpose of giving information about the school to the students, parents, faculty and others living in the Jefferson City School District.

Yearbook

The yearbook portrays student life each year. A fee for each copy will finance the yearbook. It is intended for the enjoyment of all those who wish to recall memories of the school year.

Activity Participation Agreement

A handbook outlining rules and consequences of any extra-curricular activities is given to each participant and must have the signature page returned before a student is eligible to participate. A copy of activity participation rules and guidelines is located on the Jefferson City Activities website.

School Newspaper

The reporting of various activities and interest articles that occur in the Capital City High School setting are covered by local entities.

Student Recognition/Club Recognition

There are periodic media publications listing honor roll students and athletes selected for post-season honors.

Permission to Video/Computer Access Agreement

These agreements will be provided at registration during the student's first school year. Unless it is necessary to make other arrangements, these documents will be used annually by the Jefferson City School District. It is the responsibility of the parents to make the necessary changes and inform the Jefferson City School District immediately.

SECTION II – ATTENDANCE

BOARD POLICY: GBCBC, JC, JEA, JEA-AP(1), JED, JED-AP1 and 2

Regular attendance is important for your academic success; research has shown a direct connection between attendance and academic success. You are expected to attend school regularly and to be on time for the beginning of each class period. The CCHS staff supports families and the effort to have good attendance. One tool we will utilize is an automated call home to inform parents of absences. The state of Missouri mandates that all students are in attendance at least 90% of the time

ABSENCE NOTIFICATION

Parents/guardians should notify the school if an absence will occur. The reporting procedure is:

- Contact the CCHS attendance office at 659-3286 from 8:10-4:00 (voicemail is no longer an option for absence reporting).
- E-mail attendance.cchs@jcschools.us
- Fax (573-556-8530) or provide medical or court documents for excusing an absence.
- Contact your student's principal by phone or email if an absence will be for 3 or more days in a row.

ACTIVITY PARTICIPATION

Students must be in school the entire day to be eligible to participate in any student activities scheduled on that day (practice or competition). The following is an excerpt from MSHSAA By-Law 212: If a student misses classes without being excused by the principal or his/her designee, the student shall not be considered eligible to participate on that date. Further, the student cannot be certified eligible to participate on any subsequent date until the student attends a full day of classes. (SEE ACTIVITIES section for details).

CLASSIFICATION OF ABSENCES

Absences will be designated as Documented Excused, Not Documented Excused, or Unexcused.

Documented Excused absences include:

- Authorized school activities
- Illness or appointment verified in writing by a medical professional.
- Court appearances verified in writing by the court.
- Funerals (immediate family)
- Pre-scheduled College Visits
- Cases specifically approved by the building principal

Parent notification of an absence is considered Not Documented Excused. Excessive Not Documented Excused and Unexcused absences will result in a loss of makeup privileges. See process and procedures for homework and make-up work.

HOMEWORK AND MAKE-UP WORK PROCESS AND PROCEDURES

Students who are absent will be expected to complete all work, including, but not limited to exams, assignments, papers, projects, quizzes, etc. All instructors will set procedures for students to follow in the event of an absence. It is the responsibility of the student to follow through with the procedure set out by the teacher. The make-up assignments, written and/or lab, will be determined by the instructor. Students are to coordinate make-up work and due dates with their instructor upon returning to school. Students are expected to adhere to the agreed upon due date for missing or late work. Late or missing work may result in a reduction of the grade if the student does not adhere to the agreed upon due dates.

- Credit for make-up work will be given for all Documented Excused absences.
- Credit for make-up work will be allowed for up to four (4) absences during a nine (9)-week term for Not Documented Excused and Unexcused absences. However, if a student is determined to be truant by the administration/truancy officer they will not receive any credit for make-up work regardless of the number of days they have been absent.
- Credit for make-up work will not be given for Not Documented Excused and Unexcused absences five (5) and above within a nine (9)-week term.
 - Summative assessments and cumulative projects are eligible for make-up regardless of the number of absences. Students are still responsible for coordinating summative assessments and cumulative projects with their teacher.

If students lose makeup privileges, they can attend after school detention and/or Saturday school to make up missing assignments.

PART-TIME STUDENTS AND STUDENTS WITH OFF-CAMPUS ASSIGNMENTS

Students are to leave school grounds immediately following their last block unless under the supervision of school personnel. Late starting part-time students are to report to the cafeteria no earlier than 10 minutes prior to their first class and remain there until passing time begins. Students should not remain in vehicles once on school grounds.

TARDIES

An effective tardy policy must be designed to make the most efficient use of the instructional day for all students. To this end, having students in class is key to educational success. To encourage students to be on time to class, and discourage time out of class, the tardy policy and procedure for Capital City High School will be utilized.

External Tardy Process

Students who are tardy to 1st block will report to the office, sign in and get a pass to class. Students must show a valid school ID when reporting to the designated area in order to receive a pass to class.

Action taken to encourage on time behavior will be as follows for each 9-week term

Tardy 1-3 (Tardy logged, warning given)

Tardy 4 (Tardy logged, warning given, parent notified)

Tardy 5 (Tardy logged, student is assigned 1 Lunch Detention, parent

notified) Tardy 6 (Tardy logged, student is assigned 1 Lunch Detention,

parent notified) Tardy 7 (Tardy logged, student is assigned 1 Lunch Detention, parent notified)

Tardy 8 (Tardy logged, discipline referral, student assigned a Saturday Detention or 1 day of ISS, parent notified) Tardy 9 (Tardy logged, discipline referral, parent notified, student is assigned 1 day of ISS)

Tardy 10 or more (Tardy logged, discipline referral, parent notified, student referred to administration for further disciplinary action)

Loss of privileges including parking spot for the remainder of the school year, school dances for that term, admittance to after school activities for that term

Internal Tardy Sweep Process

Students who are processed through tardy sweeps to blocks 2, 3, 4, and 5 will report to the designated area to get a pass to class. Students must show a valid school ID when reporting to the designated area. Teachers who are on plan time will sweep students to specific locations by floor. Students will report to class with a specific tardy pass from the sweep process. Classroom teachers are to collect the pass upon student entry. Teachers, who are concerned with the discrepancy in the allotted time between process and return to class, should contact administration.

There are no passes out of class for the first 10 minutes of each period. The exception is not the rule; therefore, professional discretion will be used for extenuating circumstances.

Action taken during tardy sweeps to encourage on time behavior will be as follows for each 9-week term

Tardy 1-2 (Warning)

Tardy 3 (Parent Contact, Warning, email or phone call)

Tardy 4-6 (Parent Contact, Assign 1 After School

Detention) Tardy 7 (Parent Contact, Assign 1 After School Detention)

Tardy 8-10 (Parent Contact, Assign 1 After School Detention)

(Tardy 11-12) Parent Contact, Assign Saturday School or 1 Day of ISS

(Tardy 13) Parent Contact, Assign Saturday School or 2 Days of ISS

(Tardy 14) Parent Contact, Assign 1 day at SSC

(Tardy 15-18) Parent Contact, Assign 2 days at SSC

Loss of privileges including parking spot for the remainder of the school year, school dances for that term, admittance to after school activities for that term

SECTION III – ACADEMICS

A+ SCHOOL STUDENT FINANCIAL INCENTIVE PROGRAM

BOARD POLICY: IKA

The Department of Elementary and Secondary Education designates Capital City High School as an A+ High School. This program provides scholarship funds to eligible graduates of A+ designated high schools who attend a participating public community college or vocational/technical school, or certain private two-year vocational/technical schools. To be eligible, students must:

- Be a U. S. Citizen, permanent resident, or lawfully present in the U.S.
- Sign an A+ Agreement Form with your high school prior to graduation.
- Attends a designated A+ School for two years and has graduated from such a school. (If one of your parents is a member of the military on active duty or has retired from the military and relocated to Missouri within one year of their retirement, you are exempt from this requirement. However, you must attend an A+ designated high school and meet all of the other high school eligibility requirements.)
- Graduate with an overall grade point average of 2.5 or higher on a 4.0 scale.
- Have at least a 95% attendance record overall for grades 9-12.
- Perform at least 50 hours of unpaid tutoring or mentoring, of which up to 25% may include job shadowing.
- Maintain a record of good citizenship and avoidance of the unlawful use of drugs and/or alcohol.*
- Have achieved a score of proficient or advanced on the Algebra I end-of-course exam. If you meet all of the eligibility requirements except the end-of-course exam requirement, you may establish eligibility by achieving a qualifying score on the mathematics component of the ACT test. You may achieve the qualifying score as a high school or postsecondary student. If you achieve the score as a postsecondary student you may be eligible for an award in the same term that you take the test. The Missouri Department of Higher Education will announce the qualifying ACT scores annually. For 2018-2019 school year: A score of 17 on the math ACT with a cumulative GPA of 2.5, a score of 16 on the math ACT with a cumulative GPA of 2.8 or a score of 15 on the math ACT with a cumulative GPA of 3.0 will meet the assessment requirement for A+.

The tuition incentive will be made available only after the student has made a documented good faith effort to first secure all available post-secondary student financial assistance funds that do not require repayment. The tuition incentive will only be made available to reimburse the unpaid balance of the cost of tuition and fees.

The student financial incentive program is dependent upon Capital City High School maintaining A+ designation and the Missouri Department of Higher Education receiving the state appropriation from the Missouri General Assembly.

* Per school board policy, any student who receives an out-of-school suspension during the four-year period will be ineligible for A+. Contact Cameron McDaniel, A+ Coordinator, 659-3286 or cameron.mcdaniel@jcschools.us, if you have further questions. For more information, please visit the CCHS A+ website (<http://www.jcschools.us/dom>) or the Missouri Department of Higher Education A+ website. (<http://dhe.mo.gov/ppc/grants/aplusscholarship.php>)

ACADEMIC INTEGRITY

Whenever a student is observed or suspected of cheating, the teacher shall collect the student's work, call the student's parent, and conference with administration to determine a plan of action with the teacher. Academic and disciplinary consequences are outlined further within the Jefferson City student code of conduct guidelines

ACADEMIC PLANNING GUIDE

Each school year the Counseling Department develops the Academic Planning Guide. The guide provides descriptions of courses offered and other pertinent information to a student's academic success including: potential prerequisites, course requirements, and/or unique obligations for individual courses. (<https://www.jcschools.us/domain/3321>)

ACHIEVEMENT LIST

All Students earning a B average on term coursework during each individual term will be eligible for the honor roll. Part-time and homebound students are eligible. Students may fail a class and still be eligible. E2020 coursework

will be included in GPA calculation. The honor roll will be calculated, posted at the school, updated on the website and provided to local news outlets.

Honor Roll	Minimum GPA
A	3.667
B	3.000

ACT/WORKKEYS AT DISTRICT EXPENSE

Students who are required or allowed to participate in the ACT at district expense will have the opportunity, on any date within three months before the ACT administration, to participate in the Work Keys at district expense. The district may also require the student to take the ACT.

ASSESSMENTS IN PREPARATION FOR POSTSECONDARY EDUCATION AND WORK OPPORTUNITIES

The district encourages students to prepare for postsecondary education or work opportunities prior to graduation from the district. District staff will encourage students to take assessments necessary for pursuing postsecondary education, career training and employment.

COMPREHENSIVE FINAL EXAMS/PROJECTS POLICY

Students will be expected to be in attendance and complete all comprehensive final examinations and/or projects. Comprehensive finals will be no less than 10% and no more than 15% of the student's final grade. Students wishing to take comprehensive finals early must have prior approval from administration.

CREDIT RECOVERY

The E2020 program offers students an opportunity to recover credit for failed classes or to take enrichment courses through computer-based instructional programs. This program is Internet-based and allows students to work independently. Students will be able to complete work both at school and outside of school. All assessments must be completed in a proctored environment as determined by staff members designated to oversee online learning.

DIPLOMAS

Students may earn a standard diploma or a college preparatory certificate. The standard diploma will require 25 credits to be earned, including credits required by the State Board of Education. The college preparatory certificate will require credits by the State Board of Education and includes four credits of English, mathematics, science and social studies; two credits in world language; a cumulative grade point average of 3.5 or higher; and a rating of proficient or advanced on two of three EOC tests administered at the high school level.

Students who demonstrate achievement of the standards of excellence in one or more subject areas will have the opportunity to apply for a departmental award. Information regarding the application process, as well as specific departmental requirements can be found in your Academic Planning Guide.

EARNING CREDIT

1. The superintendent or designee is directed to assign credit values for courses offered by, or through, the school district and to develop formulas and procedures for awarding credit to transfer students who transfer from a district that uses a different standard for awarding credit.
2. The Jefferson City School District recognizes units of credit obtained through correspondence courses and courses delivered primarily through electronic media (such as satellite video, cable video or computer-driven online courses) as long as they are earned through the University of Missouri Center for Distance Learning or from a school accredited by the North Central Association of Colleges and Schools or its equivalent regional accrediting agency.

3. Students may earn advanced-standing credit by successfully completing high-school level courses prior to entering the ninth grade. This advanced-standing credit will be counted toward meeting the elective requirements for graduation and for meeting the district requirements, but it will not be counted toward the minimum number of credits required by the State Board.
4. The district may waive up to one unit of academics credit in communication arts, math, science and social studies, whichever is most appropriate, for students who successfully complete an eligible career/technical program.
5. Students may earn credit by other means as approved by the Board and in accordance with law

END OF COURSE EXAMS (EOC’S)/ACT

End of Course Exams will take place at the completion of the following courses: Algebra 1, Algebra II, English II, Government, and Biology. Any student classified as a homebound and/or a part-time student is required to take the EOC test and/or tests as well. As part of the Department of Elementary and Secondary Education testing program, all juniors will take the ACT and sophomores will take the Pre-ACT tests.

GRADE LEVEL CLASSIFICATION

Once entering the 9th grade, student grade level is classified by the number of credits earned. Students classified as freshmen must have passed 6.0 credits by the end of the summer term to be eligible to register at Capital City High School. Below are the grade classification requirements:

Class	Prior to beginning of year
Credits necessary to be a sophomore	6
Credits necessary to be a junior	12
Credits necessary to be a senior	18
Credits necessary to Graduate	25 credits to graduate

*4th-year students must have a graduation plan in place.

GRADE POINT AVERAGE

$\text{SUM}(\text{GPA Value} \times \text{GPA Weight}) / \text{SUM}(\text{GPA Weight})$

SUM (GPA Value for A * GPA Weight for A)	$(4 \times 1) + (4 \times 1) + (4 \times 1) + (4 \times 1) + (4 \times 1) = 20$
SUM of GPA Weights for A	$1 + 1 + 1 + 1 + 1 = 5$
Calculate GPA	$20/5 = \mathbf{4.0 \text{ GPA}}$

GRADE REPORTING

A progress report of grades will be issued periodically throughout the term. The 18-week grade reports are an accumulation of grades through the semester and are intended to reflect the total amount of work completed to that period of time. ALL GRADES ARE INCLUDED IN THE CLASS RANK AND HONOR ROLL. Semester grades are entered in the student’s permanent record. The following grade scale is used:

Letter Grade	%	GPA	GPA for Weighted Courses
A	93 – 100	4.000	4.333

GRADUATION (EARLY)

BOARD POLICY: IKFA

Students who wish to graduate early must have successfully completed a minimum of six semesters at the secondary level and will be required to meet with a guidance counselor and submit written notification to the principal. The counselor will notify the student’s parents or guardians of the student’s decision if the student is a dependent. The student will receive a diploma if the student has met the Jefferson City School District’s graduation requirements. Any exception to the minimum six-semester completion requirement of early graduation must be granted by the Board of Education.

The student who chooses early graduation will be allowed to participate in the spring graduation ceremonies, but will be considered an alumni for all other activities.

Students who fail to complete their plan for early graduation and must return the following semester will be required to participate in a full academic schedule as outlined in board policy and campus procedures; the principal or designee must approve any exception.

* * * * *

In the event of a discrepancy between an administrative procedure and a Board policy, Board policy will take precedence.

GRADUATION REQUIREMENTS

BOARD POLICY: IKF

The Board of Education for the Jefferson City School District establishes the following graduation policy and instructs the administration to develop all necessary procedures for proper implementation

Requirements

A student must meet the following requirements in order to graduate from the Jefferson City School District, unless otherwise exempted. The student must:

1. Complete a total of 27 credits for the Class of 2021, 26 credits for the Class of 2022; and 25 credits for the Class of 2023 and subsequent graduating cohorts, including credits required by the State Board of Education. To earn one unit of credit, a student must meet all the course requirements and earn a passing grade in a course that meets for at least 7,830 minutes a year or successfully complete a MOCAP course or an approved virtual course. Half and quarter units of credit may be earned for courses meeting proportionately fewer minutes.
2. Pass the Missouri and U.S. Constitution exams. (§§ 170.011, RSMo.)
3. Successfully complete a course of instruction of at least one semester in length on the institutions, branches and functions of the government of the state of Missouri, including local governments, the U.S. government and the electoral process. (§ 170.011, RSMo.)
4. Pass an American civics exam starting with the 2017–18 ninth-grade class (Class of 2021). (§ 170.345, RSMo.)
5. Participate in 30 minutes of cardiopulmonary resuscitation (CPR) instruction and training in the proper performance of the Heimlich maneuver or other first aid for choking. (§ 170.310, RSMo.)
6. Take the following:
 - a. All required end-of-course (EOC) exams. (DESE Graduation Guidance)
 - b. A DESE-approved measure of college and career readiness (CCR) such as ACT, Accuplacer, COMPASS, WorkKeys or ASVAB.
7. Have earned credit in the Jefferson City School District's educational program between the ninth and twelfth grades.

Exceptions

1. Graduation requirements for a student with a disability receiving special education services pursuant to the Individuals with Disabilities Education Act (IDEA) may be determined according to the student's individualized education program (IEP). Any specific graduation requirement may be waived if recommended by the student's IEP team. (DESE Graduation Guidance).
2. Students transferring from other Missouri school districts or charter schools, private or parochial schools, home schools, unaccredited schools, and schools in other states or countries will have their credits transferred in accordance with guidance from the Department of Elementary and Secondary Education (DESE) and may have some graduation requirements waived depending on the circumstances. (DESE Graduation Guidance). Eligibility for graduation of students enrolling after their seventh semester shall be determined by the high school administration, based upon the standards established above, and in policy JECC.
3. The district will waive the requirement to pass examinations on the provisions and principles of American history, American institutions and the Missouri and U.S. Constitutions for students who transfer from a school outside Missouri if they can document the successful completion of a course of instruction in the institutions, branches and functions of state government, including local governments, the U.S. government and the electoral process. Such instruction must have been completed in grades 9–12. The district will waive the requirement to pass a civics examination when recommended by the student's IEP team. (§ 170.011, RSMo., DESE Graduation Guidance)
4. Graduation requirements for foster care students will be modified or waived in accordance with law and Board policy IGBE. (§ 160.1990, RSMo.)
5. Students in the household of an active duty member of the military, including students in the household of certain veterans who are deceased or injured as defined by law, who transfer to the district may have

graduation requirements modified or waived in accordance with law. (§ 160.2000, RSMo.)

6. Eligible students who successfully complete the Missouri Option Program will be awarded a high school diploma. (5 C.S.R. 20-500.330)

Earning Credit

1. The superintendent or designee is directed to assign credit values for courses offered by or through the school district and to develop formulas and procedures for awarding credit to students who transfer from a district that uses a different standard for awarding credit.
2. The Jefferson City School District recognizes units of credit obtained through accredited schools and school districts, including credits earned through courses delivered primarily through electronic media, such as online courses. For the purposes of this policy, an "accredited school" is a Missouri public school, a Missouri charter school, the Missouri Course Access Program (MOCAP); a private agency where students with disabilities are placed by a public school; or any school or school district accredited by the Missouri State Board of Education, AdvancED or the Independent Schools Association of the Central States (ISACS). If a school or school district is located in another state, that school or school district must be accredited by that state's department of education, AdvancED, ISACS or the equivalent organizations. (§ 161.670, RSMo., DESE Graduation Guidance).
3. Students may earn advanced-standing credit by successfully completing high-school level courses prior to entering the ninth grade. Advanced-standing credit will be counted toward meeting all graduation requirements, including state minimum requirements. (DESE Graduation Guidance).
4. The district may waive up to one unit of academic credit in English language arts, mathematics, science and social studies, whichever is most appropriate, for students who successfully complete an eligible career/technical program. Students must request this credit waiver prior to enrolling in the career/technical program for which the waiver is sought. Students must take the end-of-course exam required for any waived course. Unless otherwise waived by law, students who waive a social studies unit under this section are still required to complete a course of at least one semester in length on the institutions, branches and functions of the government of the state of Missouri, including local governments, and of the government of the United States and the electoral process. Students are also required to meet state requirements regarding American civics. (DESE Graduation Guidance).
5. In addition to the waiver of credit above, a student may fulfill one unit of academic credit with a district-approved agriculture or career and technical education course for any English language arts, mathematics, science or social studies unit required for high school graduation in any combination up to fulfilling one requirement in each of the four subject areas. The substitution may not be made for courses that require an end-of-course assessment. Unless otherwise waived by law, students who waive a social studies unit under this section are still required to complete a course of study of at least one semester in length covering the institutions, branches and functions of the government of the state of Missouri, including local governments, and of the government of the United States and the electoral process. Students are also required to meet state requirements regarding American civics. (§ 170.017, RSMo.).
6. The district may allow a student to fulfill one credit of any district-required mathematics, science or practical arts unit with a district-approved computer science course if the student has taken or is on track to take all courses that require end-of-course examinations for math and science. The district will notify all students relying on this provision that some institutions of higher education may require four units of academic credit in mathematics for college admission. The district will require the parent, guardian or legal custodian of each student to acknowledge in writing that taking a computer science course to fulfill a unit of academic credit in mathematics may have an adverse effect on college admission decisions. (§ 170.018, RSMo.).

8. Students may earn credit by other means as approved by the Board and in accordance with law.

Representatives from the Jefferson City School District and the sending district will work with the student to facilitate this alternative. If the sending district refuses to cooperate, the Jefferson City School District will use best efforts to allow the student to graduate by the end of the senior year.

Foster care students will be awarded a diploma in accordance with law and Board policy.

Students who complete the district's graduation requirements while under the jurisdiction of the juvenile court will be awarded a high school diploma even if the student completes the requirements in a different school district.

Advanced Placement at the College Level

Advanced placement or AP courses are intended to engage students in rigorous courses of study in preparation for the academic rigors of college and university. Upon completion, an AP course may possibly eliminate an introductory college course, or enhance the pupil's standing in other courses when he or she enters a college or university program. Courses are available at CCHS in the areas of mathematics, science, English, modern foreign languages, specific skills in business education, and social studies. While advanced placement courses are valuable in many ways, your student's college or university policy will determine whether or not they are accepted for college credit, for prerequisite waiver, or provide other academic advantages.

CANCELLATION OF SCHOOL

BOARD POLICY: IC

Cancellation of school takes place only during extraordinary circumstances such as extreme weather conditions, equipment failure, public crisis. The school board and administrators are aware of the hardship, which can be caused

by an abrupt cancellation. Therefore, school will not be canceled unless a significant safety risk has been created by unusual circumstances or other instances that prevent us from being able to occupy a school building such as power/water outage, etc. Every practical means is used to notify parents of an impending cancellation including phone call, email and text message to contact information included in official parent records via our mass Notification system. Information about cancellations will also be posted to district social media accounts (Facebook and Twitter), to the district website (www.jcschools.us), to the district mobile app, and will be distributed to local news media including the Jefferson City News Tribune, KCRG-TV-CHANNEL-13, KOMU-TV-CHANNEL 8, and KMIZ-TV-CHANNEL 17.

CELL PHONE AND PERSONAL ELECTRONIC DEVICES

It is strongly recommended that students and parents carefully weigh the choice of whether or not to bring personal cell phones, music players, cameras, and other electronic devices to school. These items can be disruptive to the learning environment, often create discipline problems, and are frequently damaged, lost, or stolen. Parents are reminded that in case of an emergency, the main office is the appropriate point of contact to ensure that your child is quickly reached and assisted. If students do bring cell phones and/or other electronic devices to school, they will need to be turned off during the school day and stored in their backpacks or assigned lockers. Students who bring cell phones or other devices to school are responsible for the safety and security of those devices. Headphones or earbuds will need to be stored securely and should not be worn during school unless the teacher has approved an activity that requires listening on chrome books or school provided media. The school accepts no responsibility for cell phones or other electronic devices that are lost, damaged, or stolen at school or while traveling to and from school. Cell phones and personal electronic devices will not be used during any part of the school day, therefore, should not be visible during the school day.

CHANGE OF ADDRESS, WORKPLACE, OR PHONE NUMBER

It is very important for emergency and administrative reasons that every student maintain an up-to-date address record at the school office. Notify the school immediately if you have a change of address, home phone number, or work phone number during the school year. Infinite Campus Parent Portal has a feature that allows parents/guardians to view, add, and update certain student and household information from the Portal. Address changes require proof of residency to be submitted to the school office.

CRISIS MANAGEMENT

The Jefferson City School District in conjunction with JCPD has developed a crisis management plan to deal with a crisis in, or around, a school building. Although not every crisis can be foreseen, the appropriate management of any crisis is important in a school setting. Each building has adapted this plan for the requirements of our building. It is important that students, parents, teachers, and staff are aware of this plan and what to do in case of a crisis at our school. Parents should be aware that students will learn appropriate responses to crises.

COVID-19

As the Jefferson City School District transitions from the 2021-22 to 2022-2023 school year, we are updating our approach to the COVID-19 pandemic.

Just as state and federal health agencies have transitioned their COVID-19 responses from pandemic to an endemic approach, JC Schools has adapted our COVID-19 accordingly. At this time, we plan to continue utilizing our COVID-19 rubric. Protocols for the green status will be minimal, but can be tightened if warranted by an increase in cases within schools or the local community.

Since fully implementing our JC Schools COVID-19 rubric in February of 2022, all buildings within the Jefferson City School District have remained in the green status. District staff continue to monitor any positive cases occurring within the school environment and to conduct contact tracing investigations in the rare instances when cases have occurred.

Consistent with our ongoing approach to COVID-19:

- Students and staff should wash hands with soap and water for at least 30 seconds, avoid touching your face, cough or sneeze into your elbow, and disinfect frequently touched objects;
- Students and staff experiencing symptoms related to COVID-19 should not come to school (symptoms include: fever or chills; cough; headache; muscle aches; nausea, vomiting or diarrhea; new loss of taste or smell; new runny nose or congestion; shortness of breath or difficulty breathing; sore throat; close contact with a person with COVID-19);
- JC Schools does not currently provide COVID-19 testing, however individuals with symptoms of COVID-19 are encouraged to call your doctor or access a list of COVID-19 testing sites [HERE](#);
- Students and staff who are sent home with a temperature 100.0 degrees or higher can return when fever free for at least 24 hours without the use of fever-reducing medication such as Acetaminophen and Ibuprofen. Students and staff returning prior to 24 hours from being fever free could be sent home;

JC Schools does not currently mandate COVID vaccinations for those who are eligible. Vaccinations are available in the community for those who meet eligibility requirements;

504 and IEP teams will determine and implement appropriate mitigation measures and any additional accommodations/modifications needed for students with disabilities.

JC Schools remains committed to making real-time decisions to protect the learning environment as we have throughout the ever-changing COVID-19 pandemic. We are thankful for the effort of our staff, students, and families which have helped us keep our schools open during such challenging times.

For more information on the district's response to COVID-19 or If you have feedback regarding the district's response to the COVID-19 pandemic, please visit us [HERE](#). We sincerely appreciate your continued support and thank you for your support of JC Schools!

The district's policies, regulations, procedures and expectations regarding in-person communications at school and during the school day also apply to electronic communications for educational purposes, regardless of when those communications occur. Staff communications must be professional, and student communications must be appropriate. On the website mySchoolBucks.com, guardians can check student’s account balances at any time and can also make deposits to their accounts. One item to note is that there is a \$2.49 charge for deposit transactions and the monies take 24 hours before being posted to the account.

If paying by check, it can take up to 14 days before the money is received. We ask you to please plan ahead. A low balance alert can also be set up on your mySchoolBucks.com account. Guardians will receive an email when their students reach the “alert amount” specified by the guardian.

OFF-LIMIT AREAS

Off-limit areas include, but are not limited to, streets, parking lots, or cars. During a student’s lunch, the only place students are authorized to be in is the cafeteria. Students are expected to enter the building when they arrive on campus, stay in the building the entire school day, and to leave campus when the school day is over (unless accompanied by a school faculty member).

PERSONAL PROPERTY

Students bringing personal property items to school do so at their own risk and are responsible to secure the item from theft or loss. A student using these items without permission is subject to discipline consequences.

RELEASING STUDENTS

The district recognizes that rules regarding the dismissal of students are a necessary part of the district’s safety program. Refer to District Notices and Policies “Dismissal Precautions” on page 29 of the handbook.

SCHOOL DAY EXPECTATIONS

Students are not to loiter on school property or on the streets and residential areas, adjacent to the school. This restriction includes school hours as well as the times students are arriving and departing from school or from school-sponsored activities. When students arrive at school by personal transportation, they must immediately come into the building..

SCHOOL MESSENGER

Jefferson City School District provides parents/guardians and students phone and e-mail alerts about important announcements, changes to schedules, and cancellations through the School Messenger system; all families are automatically registered for this service. Telephone numbers and email addresses provided during registration are used to direct all relevant information; contact information is pulled from Infinite Campus.

SCHOOL NURSE

The nurse’s office is open from 8:10 AM to 4:00 PM to see students feeling ill or in need of taking prescribed medications. Students are to have a pass from their teacher or the office and their Student ID to be permitted into the nurse’s office except in the case of emergency. Additional information regarding school nurse information can be found at <https://www.jcschools.us/Page/9042>.

INFLUENZA HEALTH INFORMATION

BOARD POLICY: EBB, JCH

Jefferson City School District partners with the local Health Department and Community Health Center to provide an annual influenza vaccine to children at school. This vaccine will help protect our students from the influenza virus. We will hold vaccination clinics beginning in the fall of the school year. School staff will send more information about the flu clinic when times are scheduled at your particular school. There will be no cost to you for this vaccine. The school will also send you a form that will include options allowing you to either accept or refuse the vaccination for your child. If you refuse, the vaccination will not be given to your child. If you have any questions about the vaccine your child’s health care provider can answer your questions about the influenza virus and will be able to give your child the seasonal influenza vaccine, if you do not wish to participate in the flu clinic at school.

***Students sent home ill, with elevated temperatures, vomiting, or diarrhea, are asked to be kept at home for 24 hours until they are symptom-free per the guidelines listed above without the use of fever reducing agents.** Many students are sent home ill one day, return the next, and need to be sent home again because they have not recovered.

We appreciate parents sharing the diagnosis and treatment of students sent to physicians so we can be alerted to possible problems in other children (influenza, COVID-19, pink eye, head lice, strep throat, worms, etc.).

TOBACCO FREE DISTRICT

BOARD POLICY: AH

To promote the health and safety of all students and staff, and to promote the cleanliness of district property, the district prohibits all employees, students, and patrons from smoking, using tobacco products, imitation tobacco products, and electronic cigarettes in all district facilities, on district transportation, and on all district grounds at all times. This prohibition extends to all facilities the district owns, contracts for, or leases to provide educational services, routine health care, daycare or early childhood development services to children, effective March 1, 2006. This prohibition does not apply to any private residence or any portion of a facility that is used for inpatient hospital treatment of individuals dependent on, or addicted to, drugs or alcohol in which the district provides services. Students and staff who possess or use such products on district grounds, district transportation, or at district activities will be disciplined in accordance with Board Policy.

TRANSGENDER RESTROOM USE

It is JC Schools’ goal to provide all students with a quality education. We understand that the social/emotional welfare of students plays a significant role in their ability to learn and impacts their experience while at CCHS; as such, the following guidelines are in place regarding transgender restroom use:

1. Student restroom accommodations remain unchanged. Given the ongoing lack of direction at the federal and state levels, coupled with contradictory court decisions, the school district has not made any changes to its restroom practices and awaits direction from the U.S. Supreme Court on the specific issue of restroom availability as it relates to gender nonconforming and transgender students. District administrators continue to be available to meet with students and their families regarding any questions, concerns or needs that they may have.
2. There are a limited number of single stall restrooms available throughout the building which can be made available for students as needed and/or requested without regard to gender status. Administrators are available to meet with students and their families to develop plans to best meet their individual needs.
3. Counseling staff are available to work with students to address their individual needs.

SECTION VI – DISTRICT NOTICES AND POLICIES

ABSENCES AND EXCUSES

BOARD POLICY: JED

Regular and punctual patterns of attendance will be expected of each student enrolled in the school district. Students should strive to maintain a good attendance record; there is a direct relationship between school attendance and grades, citizenship and success in school.

It is recognized that absence from school may be necessary under certain conditions. However, every effort should be made by students, parents/guardians, teachers and administrators to keep absences and tardiness to a minimum.

Frequent absences of students from regular classroom learning experiences disrupt the continuity of the instructional process. The benefit of regular classroom instruction is lost and cannot be regained. The school cannot teach students who are not present. The entire process of education requires a regular continuity of instruction, classroom participation, learning experiences and study in order to reach the goal of maximum education benefits for each individual student. The regular contact of the students with one another in the classroom and their participation in well-planned instructional activities under the supervision of a competent teacher are vital to this purpose.

The superintendent, with the assistance of the administrative and professional staff, shall establish rules, regulations and procedures for student attendance within the district. Such rules and regulations shall be published in the various student and parent/guardian handbooks and shall be subject to review by the Board of Education. Irregular student attendance shall be checked by the building principal or his/her designee to determine the cause of absence. Causes for absences may be obtained by telephone calls, verified notes from parents or guardians, contacts with other members of the student's family or home visits.

A comprehensive system of attendance records will be maintained for each student. Each teacher is responsible for the accurate reporting of daily attendance in the classroom. The building principal is responsible for supplying information to parents/guardians in regard to student absences and for submitting attendance information to the superintendent's office.

ALCOHOL/DRUG ABUSE

BOARD POLICY: JFCH

The Jefferson City School District is concerned with the health, welfare and safety of its students. Therefore, the use, sale, transfer, distribution, possession or being under the influence of unauthorized prescription drugs, alcohol, narcotic substances, unauthorized inhalants, controlled substances, illegal drugs, counterfeit substances and imitation controlled substances is prohibited on any district property, in any district-owned vehicle or in any other district-approved vehicle used to transport students to and from school or district activities. This prohibition also applies to any district-sponsored or district-approved activity, event or function, such as a field trip or athletic event, where students are under the supervision of the school district. The use, sale, transfer or possession of drug-related paraphernalia is also prohibited.

For the purpose of this policy a controlled substance shall include any controlled substance, counterfeit substance or imitation controlled substance as defined in the Narcotic Drug Act, § 195.010, RSMo., and in schedules I, II, III, IV and V in section 202© of the Controlled Substance Act, 21 U.S.C. §812©.

Students may only be in possession of medication as detailed in Board Policy JHCD. Searches of persons reasonably suspected to be in violation of this policy will be conducted in accordance with Board Policy.

Any student who is found by the administration to be in violation of this policy shall be referred for prosecution and subject to disciplinary action up to, and including, suspension, expulsion or other discipline in accordance with the district's discipline policy. Strict compliance is mandatory. The school principal shall immediately report all incidents involving a controlled substance to the appropriate law enforcement agency and the superintendent or designee. All controlled substances shall be turned over to local law enforcement.

Students with disabilities who violate this policy will be disciplined in accordance with policy JGE.

ASSESSMENT PROGRAM/PARTICIPATION

BOARD POLICY IL

The district will use high-quality academic assessments as one indication of the success and quality of the district's education program. Further, the board recognizes its obligation to provide for and administer assessments as required by law. The board directs the superintendent or designee to create procedures governing assessments consistent with law and board policy. In cooperation with the administrative and instructional staff, the board will regularly review student performance data and use this information to evaluate the effectiveness of the district's instructional programs, making adjustments as necessary. The district will comply with all assessment requirements for students with disabilities mandated by federal and state law, including the Individuals with Disabilities Education Act (IDEA).

Information from statewide assessments provides an important benchmark by which the district can measure the progress of students, the effectiveness of curriculum and instruction, and the impact of education programs. As such, all students in assessed grade levels and contents who are enrolled and present during the district testing window will participate in state assessments. Additionally, student participation is required for the district to remain accountable for student learning under state regulations. In order to achieve the purposes of the student assessment program and comply with state and federal law, the district requires all enrolled students to participate in all applicable aspects of the district assessment program, including statewide assessments.

At the beginning of each school year, the district shall notify the parents/guardians of each student that the district will provide, upon request and in a timely manner, information regarding any state or district policy regarding student participation in any assessments. Such notice shall include information about state or local policies that would allow students to opt out of assessments. Missouri has no such policy, and the district expects all students to participate in all district or statewide assessments.

The current policy is on our website at: <https://www.jcschools.us/> . Select District Departments, Board of Education, Board Policy, and then Board Policy IL.

ASSIGNMENT OF STUDENTS TO GRADE LEVELS/CLASSES

BOARD POLICY: JECC

The Board believes that a student should be placed in grade level classes that best meet the student's academic needs after consultation with the student's parent/guardian; a student's social and emotional needs will also be considered to the extent that they affect academic progress. Although the district will first consider placing the students in grade levels or classes with students of similar age, age will not necessarily be the determining factor. Further, any student's placement may be adjusted by the school principal or designee as needed, after consultation with the student's parent/guardian. The district's administrative staff will make the final decision regarding assignment of students to grade levels or classes. Students receiving special education services will be placed in accordance with law.

Transfers from Accredited Schools

For the purposes of this policy an "accredited school" is the Missouri Virtual Instruction Program (MoVIP); a private agency where students with disabilities are placed by a public school or any school accredited by the Missouri Department of Elementary and Secondary Education (DESE), the North Central Association of Colleges and Schools (NCA), the Independent Schools Association of the Central States (ISACS) or the University of Missouri Committee on Accredited Schools Non-Public (CAS). If a school is located in another state or country, that school must be accredited by that state's or country's department of education, NCA, ISACS or equivalent agencies.

In general, if a student transfers to the Jefferson City School District from an accredited school, this district will accept the units of credit completed in the previous school and rely on the grade-level placement in the previous school to the extent that it coincides with the district's program. However, the district may adjust the student's placement as needed to meet his or her educational needs, after consultation with the student's parent/guardian.

The district will attempt to award credit for classes completed in previous schools, if there is sufficient evidence of achievement. All credits must be equated to the Carnegie Unit as defined in Missouri. Only credits that correspond

to course offerings Accepted by the Missouri State Board of Education or by the Jefferson City School District may be accepted to meet graduation requirements,

CARE OF SCHOOL PROPERTY BY STUDENTS

BOARD POLICY: JFCG

Students are expected to take reasonable care of school property. Students shall pay for books, school supplies, school equipment, or other school property lost or damaged beyond ordinary wear and tear. Payment shall be assessed by the principal of the school concerned, or designated person, in accordance with the price of the book or other article lost or damaged. Any student who carelessly or intentionally defaces or damages school property shall be required to pay for all damages, and may be subject to additional disciplinary action.

According to state law, parents or guardians of juveniles under the age of 18 are responsible for vandalism, loss or damage caused by their children, up to an amount of \$2000. Proceedings against the un-emancipated minor may be initiated for any balance not paid by the parent or guardian. In default of payment, the case shall be reported to the proper legal authorities or filed in small claims court.

COMMUNICABLE DISEASES

BOARD POLICY: IGAEB

The Jefferson City School District School Board recognizes its responsibility to protect the health of students and employees from the risks posed by communicable diseases. The Board also has a responsibility to protect individual privacy, educate all students regardless of medical condition and treat students and employees in a nondiscriminatory manner.

Immunization

In accordance with law, students cannot attend school without providing satisfactory evidence of immunization, unless they are exempted from immunization.

Universal Precautions

The district requires all staff to routinely employ universal precautions to prevent exposure to disease-causing organisms. The district will provide the necessary equipment and supplies to implement universal precautions.

Categories of Potential Risk

Students or employees with communicable diseases that pose a risk of transmission in school or at school activities (such as, but not limited to, chicken pox, influenza and conjunctivitis) will be managed as required by law and in accordance with guidelines provided by the Department of Health and Senior Services (DHSS) and local county or city health departments. Such management may include, but is not limited to, exclusion from school or reassignment as needed for the health and safety of students and staff.

Students or employees infected with chronic communicable diseases that do *not* pose a risk of transmission in school or at school activities (such as, but not limited to, hepatitis B virus or HIV) shall be allowed to attend school or continue to work without any restrictions based solely on the infection. The district will not require any medical evaluations or tests for such diseases.

Exceptional Situations

There are certain specific types of conditions, such as frequent bleeding episodes or uncoverable, oozing, skin lesions that could potentially be associated with transmission of both bloodborne and non-bloodborne pathogens. In the case of students, certain types of behaviors, such as biting or scratching, may also be associated with transmission of pathogens.

Students who exhibit such behaviors or conditions may be educated in an alternative educational setting or, if appropriate, disciplined in accordance with the discipline code. In the case of a student with a disability, the Individualized Education Program (IEP) team or 504 team will make any change of placement decisions.

Employees who exhibit such conditions will not be allowed to work until the condition is resolved or appropriately controlled in a way that minimizes exposure.

Confidentiality

The superintendent or designee shall ensure that confidential student and employee information is protected in accordance with law. Medical information about an individual, including an individual with HIV, will only be shared with district employees who have a reasonable need to know the identity of the individual in order to provide proper healthcare or educational services. Examples of people who may need to know a student's medical information are the school nurse and the IEP or 504 team if applicable. An example of an individual who may need to know an employee's medical information is the employee's immediate supervisor, if accommodations are necessary.

All medical records will be maintained in accordance with law and Board Policy. Breach of confidentiality may result in disciplinary action, including termination.

Reporting and Disease Outbreak Control

Reporting and disease outbreak control measures will be implemented in accordance with state and local law, DHSS rules governing the control of communicable diseases and other diseases dangerous to public health, and any applicable rules distributed by the appropriate county or city health department.

Notification

Missouri state law provides that by adopting this policy the district shall be entitled to confidential notice of the identity of any district student reported to DHSS as HIV-infected and known to be enrolled in the district. Missouri law also requires the parent or guardian to provide such notice to the superintendent.

COMPULSORY AND PART-TIME ATTENDANCE

BOARD POLICY: IGBA, JBA, JEA

The Jefferson City School District exists to improve lives through education. The district seeks to enroll and educate all resident children in the community, as required by law.

Compulsory Attendance

The law requires that all children between 7 and 16 years old attend regular public, private, parochial, parish, home school or a combination of such schools for the duration of the entire school term. Parents, guardians or other persons having legal custody of a student may obtain a court order requiring students to attend school until the student receives a high school diploma or its equivalent, or reaches the age of 18. In addition, the Jefferson City School District provides educational programming for all students between the ages of five and seven and beginning at the age of three for all students qualified for special education services. The district may also provide preschool and adult education programs.

Once enrolled in the district, the district expects the student to attend regularly and for the students' parents/guardians or other adults having charge, control or custody of the student to communicate regularly and honestly with the district regarding student's absences. The Jefferson City Board of Education and district staff strongly believe that regular attendance is important in gaining the most from the educational experience. State law requires district staff to report all instances of abuse and neglect; including educational neglect- the district will make every effort to ensure students are attending school as required by law. These efforts include, but are not limited to, accurately recording attendance, creating procedures for regular communication with parents regarding attendance, investigating truancy, and reporting suspected incidences of educational neglect to the Children's Division (CD) of the Department of Social Services.

Part-Time Attendance

Although the district believes that all students will benefit from attending the Jefferson City School District full-time, state law allows students to attend public school part-time, as long as their total educational experience meets the requirements of the state compulsory education law and the student is not already enrolled full-time in another public school. The superintendent or designee will create procedures on enrollment of part-time students to ensure that such enrollments do not jeopardize the discipline, health and academic standards of the district. The Board also directs the superintendent to annually analyze the number of students attending school part-time and to create vocational, dual-credit, advanced placement or other programs and incentives to encourage these students to attend school full-time.

Students Withdrawing From or Dropping Out of School

Once enrolled, the student will be considered a district student until the district is directed to withdraw the student or until multiple unsuccessful attempts have been made to contact the parents/guardians of the student to confirm continued enrollment after several absences. The district will encourage all families and students to consult with district staff prior to withdrawing a student. Any student age 16 years or older who drops out of school for any reason other than to attend another school, college or university, or enlist in the armed services, shall be reported to the state literacy hotline office.

CONDUCT ON SCHOOL TRANSPORTATION

BOARD POLICY: JFCC

Students, parents/guardians, bus drivers, and school officials must work together to provide for the safe transportation of students. The school buses, bus stops, and all other forms of transportation provided by the district or provided incidental to a school activity are considered school property. Students are subject to district authority and discipline while waiting for, entering and riding district transportation. The Superintendent or designee will create and enforce administrative procedures detailing the conduct expected of students and will make the information available to students and parents.

Students who fail to observe district rules or fail to contribute to a safe transportation environment will be subject to disciplinary action including, but not limited to, suspension of the privilege of riding the bus. Students with disabilities will be disciplined in accordance with their Individualized Education Plan (IEP) or applicable law. The bus driver or other authorized personnel shall report all misbehavior situations to the principal as soon as possible. The bus driver shall report all dangerous situations to the principal immediately.

DISMISSAL PRECAUTIONS

BOARD POLICY: JEDB

The goal of the Jefferson City School District is to provide a safe environment for all students. The district recognizes that rules regarding the dismissal of students are a necessary part of the district's safety program. District administrators will publicize this policy to parents and create procedures regarding the dismissal of students.

Dismissal from School

District administrators will create student dismissal procedures that protect the safety of students while also addressing the necessary flow of traffic to and from school. These procedures may vary depending on the age of the student. District personnel will monitor the parking lots and other locations where students board the district's transportation or meet parents or others. At the request of a parent, school personnel will verify the identity of a parent or other authorized person before releasing the student. District staff may refuse to release a student and will notify the principal if they have concerns regarding the student's safety or whether the person is authorized to transport the student. Otherwise the district will assume that the student knows with whom he or she may leave.

Early Dismissal

Students shall not be excused into any person's custody without the direct prior approval and knowledge of the building principal or designee. Each building principal will establish procedures to validate requests for early dismissal to assure that students are released only for proper reasons and only to authorized-persons.

Procedures must adhere to the following rules:

1. Students will only be released to the parent, guardian or designee of the parent or guardian or to other individuals or agencies permitted or required by law.
2. The District will release a student to either parent unless the district has a valid court order directing otherwise or unless the parent requesting release is only entitled to supervised visitation.
3. Students who are 17 years old and living independently and students 18 or older must validate their own attendance and dismissal.
4. Telephone requests for early dismissal of a student shall be honored only if the caller can be positively identified as the student's parent or guardian
5. Any person requesting release of a student must present proper identification prior to release of the student.

For the purposes of this policy, a parent is defined as a biological or adoptive parent, including parents who are unmarried; a guardian; or an individual acting as a parent in the absence of the parent or guardian.

Dismissal from School Activities

If an activity occurs immediately after school, the district will follow the same procedures used for dismissing students from the regular school day. Otherwise, students are expected to return from activities with the student's parents or the same person(s) who transported them to the activity. If the district provides the student transportation to an activity, the student is expected to return using district transportation. However, district administrators may develop procedures for releasing students from a school activity to parents or other authorized persons, keeping the safety of students in mind.

EARTHQUAKE PREPAREDNESS

BOARD POLICY: EBC

At the beginning of each school year, each school district in the state shall distribute to each student such materials that have been prepared by the Federal Emergency Management Agency, the state emergency management agency or by agencies that are authorities in the area of earthquake safety and that provide the following objectives:

1. Developing public awareness regarding the causes of earthquakes, the forces and effects of earthquakes, and the need for school and community action in coping with earthquake hazards;
2. Promoting understanding of the impact of earthquakes on natural features and manmade structures; and
3. Explaining what safety measures should be taken by individuals and households prior to, during and following an earthquake.

Earthquakes in Missouri

The highest earthquake risk in the United States outside the West Coast is in the **New Madrid Seismic Zone**, centered in southeast Missouri's Bootheel. Damaging earthquakes are not as frequent as in California, but when they do occur, the destruction covers more than 20 times the area due to the nature of geologic materials in the region. A major earthquake could mean catastrophic damage in the St. Louis and southeast regions of the state, and significant damage throughout Missouri.

The New Madrid Seismic Zone averages more than 200 earthquakes per year.

Most can't be felt, but a few can cause measurable damage.

Experts say there's a **25 to 40 percent chance for a major earthquake** in a fifty year period. The result could be major damage from St. Louis to Memphis. The last major earthquake in the New Madrid Seismic Zone was centered in southeast Missouri, near the town of Charleston, in 1895, so we're overdue for a major earthquake.

The Great New Madrid Earthquakes of 1811-12 were the largest in U.S. history west of the Rocky Mountains. The massive quakes destroyed homes, created lakes and briefly caused the Mississippi River to run backward. Shaking was felt as far away as the east coast!

Save This Information!

To help your family survive an earthquake, know what to do BEFORE, DURING, and AFTER a major quake strikes.

BEFORE:

- ✓ Put together an emergency kit – flashlight, first aid kit, radio, drinking water, blankets
- ✓ Develop a family communication plan – identify a relative living at least 100 miles away;

everyone can call to “check in” to tell family you’re safe

- ✓ Make sure all heavy or breakable items are on lower shelves

- ✓ Know how to turn off utilities

DURING:

- ✓ DROP to the ground.
- ✓ COVER your head with your hands and arms. Crawl under a sturdy table or desk if there’s one nearby.
- ✓ HOLD ON until the shaking stops.
- ✓ If you’re driving, pull off the road, away from buildings and utility poles, and stay in your car.
- ✓ If you’re outside, drop to the ground, away from large objects, and cover your face and head with your arms.

AFTER:

- ✓ Find your family; check for injuries
- ✓ If necessary, call 911 for help
- ✓ If you smell gas or hear a hissing sound, go outside – shut off gas valve
- ✓ Be careful to avoid live power lines and broken glass
- ✓ Listen to news for latest emergency information

PROHIBITION AGAINST HAZING AND BULLYING

BOARD POLICY: JFCF

General: In order to promote a safe learning environment for all students, the Jefferson City School District prohibits all forms of hazing, bullying and student intimidation. Students participating in or encouraging inappropriate conduct will be disciplined in accordance with board policy. Such discipline may include, but is not limited to, suspension or expulsion from school and removal from participation in activities. Students who have been subjected to hazing or bullying are instructed to promptly report such incidents to a school official.

In addition, district staff, coaches, sponsors and volunteers shall not permit, condone or tolerate any form of hazing or bullying or plan, direct, encourage, assist, engage or participate in any activity that involves hazing or bullying. District staff will report incidents of hazing and bullying to the building principal. The principal shall promptly investigate all complaints of hazing and bullying and shall administer appropriate discipline to all individuals who violate this policy. District staff who violate this policy may be disciplined or terminated.

The superintendent will provide for appropriate training designed to assist staff, coaches, sponsors and volunteers in identifying, preventing and responding to incidents of hazing and bullying. The district shall annually inform students, parents, district staff and volunteers that hazing and bullying is prohibited. This notification may occur through the distribution of the written policy, publication in handbooks, presentations at assemblies or verbal instructions by the coach or sponsor at the start of the season or program.

Definitions

Hazing – For purposes of this policy, hazing is defined as any activity, on or off school grounds, that a reasonable person believes would negatively impact the mental or physical health or safety of a student or put the student in a ridiculous, humiliating, stressful or disconcerting position for the purposes of initiation, affiliation, admission, membership or maintenance of membership in any group, class, organization, club or athletic team including, but not limited to, a grade level, student organization or school-sponsored activity.

Hazing may include those actions that subject a student to extreme mental stress including, but not limited to, sleep deprivation, physical confinement, forced conduct that could result in extreme embarrassment or criminal activity, or other stress-inducing activities. Hazing may also include, but is not limited to: acts of physical brutality; whipping; beating; branding; exposing to the elements; forcing consumption of any food, liquor, drug or other substance; forcing inhalation or ingestion of tobacco products; or any other forced physical activity that could adversely affect the physical health or safety of an individual. Hazing may occur even when all students involved are willing participants. Hazing does not occur when a student is required to audition or try out for an organization when the criteria are reasonable, approved by the district and legitimately related to the purpose of the organization.

Bullying – Is defined by state law as intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic or written communication, and any threat of retaliation for reporting of such acts. Bullying of students is prohibited on school property, at any school function or on a school bus. ‘Cyberbullying’ means bullying as defined in this subsection through the transmission of a communication including, but not limited to, a message, text, sound, or image by means of an electronic device including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager.

In order to ensure a healthy and safe learning environment for all, students are asked to report instances of bullying to a teacher or an administrator immediately. Instances of bullying must be reported by district employees immediately, and in no event later than two (2) school days following receipt of a report or personal observation by the employee. The report must be made to the building principal of his/her designee. The principal shall ensure that an investigation commences within two (2) school days of receipt of the report and will conclude within ten (10) days unless the time period is extended for good cause. The Board prohibits retaliatory actions including, but not limited to, acts of intimidation, threats, coercion or discrimination against those who make complaints pursuant to this policy; who report prohibited bullying or hazing; and who participate in an investigation, formal proceeding or informal resolution.

ENSURING A POSITIVE LEARNING AND WORKING ENVIRONMENT

Jefferson City School District and Capital City High School strive to maintain a positive working and learning environment for all students and staff. Over the course of a school year we recognize that there will undoubtedly be situations of concern/complaints to students, parents, staff and the public. Such concerns/complaints are best resolved by addressing them at the level where the concerns originate through communication with appropriate staff members.

Students, Parents and Public

If a student and/or parent have a concern/complaint with an issue related to a specific class, program or staff member, they should schedule a time to meet with those individuals in order to communicate respectfully and professionally the specific concerns. If after that meeting the student and/or parent are not satisfied with the action taken or answers provided, they should schedule a time to meet with the building administrator who is responsible for the immediate supervision of that class, program or staff member. Again, concerns/complaints should be communicated both respectfully and professionally. If after meeting with the building administrator the concerns/complaints have not been resolved the student and/or parent may address the question to the appropriate chain of supervision at the District's Central Office. If after meeting with the appropriate Central Office administration and the Superintendent, and if the student and/or parent are still dissatisfied with the decision, they may request that the Board of Education consider the issue by submitting a written request to the superintendent or secretary of the Board detailing the specific concern and requested action. Pursuant to Board Policy KL, the Board will address the matter in an appropriate and timely manner.

Staff

Board Policies GBM-1 and GBM-2 reiterate the most desirable way to resolve concerns and conflicts is through free and informal communication at the level of the concern.

If an employee has a concern or complaint with another employee s/he should address the concern or complaint in a respectful and professional manner with that individual whenever possible. If the employee would like an administrator to be present to assist with efforts to resolve the concern, s/he needs to provide a request to the administrator responsible for the direct supervision of the individual or subject matter in question.

If the employee's concern is with an administrator, that employee may ask the supervisor of the administrator to be present to assist with resolving the issue.

According to the above referenced policies, if an employee believes that s/ he has a grievance, s/he shall, within 10 days following knowledge of the act or condition that is the basis for the grievance, discuss the issues involved with the appropriate individuals before initiating a grievance.

This procedure, as well as the Board Policies governing this process, should be viewed as a positive and constructive effort to establish the facts upon which concerns or grievances are based and to accurately implement Board policies. Discrimination and retaliation against any employee filing a grievance are strictly prohibited by Board policy. In addition, Board policy directs all district employees to cooperate in the grievance process. Allegations of illegal discrimination or harassment will be resolved in accordance with policy AC.

Ensuring a positive learning and working environment is the responsibility of each individual. Open and frequent communication and adherence to established policies are also the responsibility of each employee. Board Policies CF (School Building Administration) and GBCB (Staff Conduct) outline several of the responsibilities and codes of conduct for both building administration and district staff. In order for our schools and JC Schools to be successful in providing a quality education to all students we must all be committed to both respectful and professional communication and interaction with students, parents, community and each other.

STUDENT COMPLAINTS AND GRIEVANCES

BOARD POLICY: KLA

Alleged acts of unfairness or any decision made by school personnel, except as otherwise provided for under student suspension and expulsion, which students and/or parents/guardians believe to be unjust or in violation of pertinent policies of the Board or individual school rules, may be appealed to the school principal or a designated representative. Complaints regarding alleged discrimination or harassment shall be processed in accordance with Board of Education policy AC. The following guidelines are established for the presentation of student complaints

and grievances: The teacher shall schedule a conference with the student and any staff members involved to attempt to resolve the problem. Parents/Guardians may be involved in the conference, or a later conference for parents/guardians may be scheduled at the discretion of the teacher.

If the problem is not resolved to the satisfaction of the student and/or parents/guardians, the principal shall schedule a conference with the student and any staff members involved to attempt to resolve the problem. Parents/Guardians may be involved in the conference, or a later conference for parents/guardians may be scheduled at the discretion of the principal.

If the student and/or parents/guardians are not satisfied with the action of the principal, a request may be submitted for a conference with the Assistant to the Superintendent of Elementary Education or the Assistant to the Superintendent of Secondary Education. The appropriate assistant shall arrange a conference to consider the problem and inform participants of the action that will be taken.

If the student and/or parents/guardians are not satisfied with the action of the Assistant to the Superintendent of Elementary Education or the Assistant to the Superintendent of Secondary Education, a request may be submitted for a conference with the Chief of Learning. The Chief of Learning shall arrange a conference to consider the problem, and to inform participants of the action that will be taken.

If the student and/or parents/guardians are not satisfied with the action of the Chief of Learning, a request may be submitted for a conference with the Superintendent of Schools. The Superintendent shall arrange a conference to consider the problem, and to inform participants of the action that will be taken.

If the student and/or parents/guardians are not satisfied with the action of the Superintendent, they may submit a written request to appear before the Board of Education. Unless required by law, a hearing will be at the discretion of the Board. The decision of the Board shall be final.

All persons are assured that they may utilize this policy without reprisal.

In the event of a discrepancy between an administrative procedure and a Board policy,
Board policy will take precedence.

PROHIBITION AGAINST ILLEGAL DISCRIMINATION AND HARASSMENT

BOARD POLICY: AC, ACA

General Rule

The Jefferson City School District Board of Education is committed to maintaining a workplace and educational environment that is free from discrimination and harassment in admission or access to, or treatment or employment in, its programs, services, activities and facilities. In accordance with law and this policy, the district strictly prohibits discrimination and harassment against employees, students or others on the basis of race, color, religion, sex, sexual orientation or perceived sexual orientation, national origin, ancestry, disability, age, genetic information or any other characteristic protected by law. The Jefferson City School District is an equal opportunity employer.

The Board also prohibits:

1. Retaliatory actions including, but not limited to, acts of intimidation, threats, coercion or discrimination against those who:
 - a. Make complaints of prohibited discrimination or harassment.
 - b. Report prohibited discrimination or harassment
 - c. Participate in an investigation, formal proceeding or informal resolution, whether conducted internally or outside the district, concerning prohibited discrimination or harassment.

When appropriate, following the conclusion of the grievance process, the compliance officer may periodically follow up with persons filing grievances and assist in the prevention of the recurrence of acts of discrimination, harassment or retaliation.

2. Aiding, abetting, inciting, compelling or coercing discrimination, harassment or retaliatory actions.
3. Discrimination, harassment or retaliation against any person because of such person's association with a person protected from discrimination or harassment in accordance with this policy.

All employees, students and visitors must immediately report to the district for investigation any incident or behavior that could constitute discrimination, harassment or retaliation in accordance with this policy. If discrimination, harassment or retaliation that occurs off district property and that is unrelated to the district's activities negatively impacts the school environment, the district will investigate and address the behavior in accordance with this policy, as allowed by law.

Sexual Harassment Reporting and District Response

Board Policy: AC

Sexual harassment is prohibited under this policy and policy ACA, but policy ACA applies only to a narrower category of sexual harassment under Title IX, as defined in the federal regulations. All sexual harassment reports must be made to the Title IX coordinator identified in policy ACA and evaluated for policy ACA applicability. If a sexual harassment report is made to any other district employee, the report must be promptly referred to the Title IX coordinator for intake. Incidents of alleged sexual harassment that are not investigated under policy ACA may be referred for processing under this policy.

Additional Prohibited Behavior

Board Policy: AC

Behavior that is not unlawful or does not rise to the level of illegal discrimination, harassment or retaliation might still be unacceptable for the workplace or the educational environment. The district encourages students, employees and the public to report such behavior so that it can be promptly addressed, but the grievance process in this policy is reserved for allegations of illegal discrimination, harassment and retaliation.

Boy Scouts of America Equal Access Act

As required by law, the district will provide equal access to district facilities and related benefits and services and will not discriminate against any group officially affiliated with the Boy Scouts of America, the Girl Scouts of the United States of America or any other youth group designated in applicable federal law.

School Nutrition Programs

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its agencies, offices and employees, and institutions participating in or administering USDA programs (including the district), are prohibited from discriminating based on race, color, national origin, sex, disability, age or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by the USDA. These programs include the National School Lunch Program, the Special Milk Program, the School Breakfast Program and the Summer Food Service Program.

Any person or representative alleging discrimination based on a prohibited basis has the right to file a complaint within 180 days of the alleged discriminatory action with the USDA Office of the Assistant Secretary for Civil Rights or the district's compliance officer using the process outlined in policy EF.

Interim Measures

When a report is made or the district otherwise learns of potential discrimination, harassment or retaliation, the district will take immediate action to protect the alleged victim, including implementing interim measures. For example, the district may alter a class seating arrangement, provide additional supervision for a student or suspend an employee pending an investigation. The district will take immediate steps to prevent retaliation against the alleged victim, any person associated with the alleged victim, or any witnesses or participants in the investigation. These steps may include, but are not limited to, notifying students, employees and others that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment or retaliation have occurred.

Consequences and Remedies

If the district determines that discrimination, harassment or retaliation have occurred, the district will take prompt, effective and appropriate action to address the behavior, prevent its recurrence and remedy its effects.

Employees who violate this policy will be disciplined, up to and including employment termination. Students who violate this policy will be disciplined, which may include suspension or expulsion. Patrons, contractors, visitors or others who violate this policy may be prohibited from school grounds or otherwise restricted while on school grounds. The superintendent or designee will contact law enforcement or seek a court order to enforce this policy when necessary or when actions may constitute criminal behavior.

Students, employees and others will not be disciplined for speech in circumstances where it is protected by law. In accordance with law and district policy, any person suspected of abusing or neglecting a child will be reported to the Children's Division (CD) of the Department of Social Services.

Remedies provided by the district will attempt to minimize the burden on the victim. Such remedies may include, but are not limited to: providing additional resources such as counseling, providing access to community services, assisting the victim in filing criminal charges when applicable, moving the perpetrator to a different class or school, providing an escort between classes, or allowing the victim to retake or withdraw from a class. The district may provide additional training to students and employees, make periodic assessments to make sure behavior complies with district policy, or perform a climate check to assess the environment in the district.

Definitions

Compliance Officer – The individual responsible for implementing this policy, including the acting compliance officer when he or she is performing duties of the compliance officer.

Discrimination – Conferring benefits upon, refusing or denying benefits to, or providing differential treatment to a person or class of persons in violation of law based on race, color, religion, sex, national origin, ancestry, disability, age, genetic information or any other characteristic protected by law, or based on a belief that such a characteristic exists.

Grievance – A verbal or written report (also known as a complaint) of discrimination, harassment or retaliation made to the compliance officer.

Behaviors that could constitute illegal harassment include, but are not limited to, the following acts if based on race, color, religion, sex, national origin, ancestry, disability, age, genetic information or any other characteristic protected by law or based on a belief that such a characteristic exists: graffiti; display of written material, pictures or electronic images; name calling, teasing or taunting; insults, derogatory remarks or slurs; jokes; gestures; threatening, intimidating or hostile acts; physical acts of aggression, assault or violence; theft; or damage to property.

Sexual harassment may occur between members of the same or opposite sex. The district presumes a student cannot consent to behavior of a sexual nature with an adult regardless of the circumstance. "Sexual Harassment under Title IX" is a subset of this definition, and the district's response to qualifying allegations is set forth in policy ACA.

Behaviors that could constitute sexual harassment include, but are not limited to:

1. Sexual advances and requests or pressure of any kind for sexual favors, activities or contact.
2. Conditioning grades, promotions, rewards or privileges on submission to sexual favors, activities or contact.

2. Receive all grievances regarding discrimination, harassment and retaliation in the Jefferson City School District.
3. Serve as the district's designated Title IX, Section 504 and Americans with Disabilities Act (ADA) coordinator, as well as the contact person for compliance with other discrimination laws.
4. Forward reports of sexual harassment and otherwise assist in Title IX compliance as directed in policy ACA.
5. Investigate or assign persons to investigate grievances; monitor the status of grievances to ensure that additional discrimination, harassment and retaliation do not occur; and recommend consequences.
6. Review all evidence brought in disciplinary matters to determine whether additional remedies are available, such as separating students in the school environment.

7. Determine whether district employees with knowledge of discrimination, harassment or retaliation failed to carry out their reporting duties and recommend disciplinary action, if necessary.
8. Communicate regularly with the district's law enforcement unit to determine whether any reported crimes constitute potential discrimination, harassment or retaliation.
9. Oversee discrimination, harassment or retaliation grievances, including identifying and addressing any patterns or systemic problems and reporting such problems and patterns to the superintendent or the Board.
10. Seek legal advice when necessary to enforce this policy.
11. Report to the superintendent and the Board aggregate information regarding the number and frequency of grievances and compliance with this policy.
12. Make recommendations regarding changing this policy or the implementation of this policy.
13. Coordinate and institute training programs for district staff and supervisors as necessary to meet the goals of this policy, including instruction in recognizing behavior that constitutes discrimination, harassment and retaliation.
14. Periodically review student discipline records to determine whether disciplinary consequences are applied uniformly.
15. Perform other duties as assigned by the superintendent.

Public Notice

The superintendent or designee will continuously publicize the district's policy prohibiting discrimination, harassment and retaliation and disseminate information on how to report discrimination, harassment and retaliation. Notification of the district's policy will be posted in a public area of each building used for instruction or employment or open to the public. Information will also be distributed annually to employees, parents/guardians and students as well as to newly enrolled students and newly hired employees. District bulletins, catalogs, application forms, recruitment material and the district's website will include a statement that the Jefferson City School District does not discriminate in its programs, services, activities, facilities or with regard to employment. The district will provide information in alternative formats when necessary to accommodate persons with disabilities.

Reporting

Students, employees and others may attempt to resolve minor issues by addressing concerns directly to the person alleged to have violated this policy, but they are not expected or required to do so. Any attempts to voluntarily resolve a grievance will not delay the investigation once a report has been made to the district.

In cases involving sexual harassment, all persons must report incidents directly to the Title IX coordinator for evaluation under policy ACA. All district employees will instruct all persons seeking to make a report or complaint to communicate directly with the Title IX coordinator. Even if the suspected victim of discrimination, harassment or retaliation does not report on their own behalf, district employees are required to report to the Title IX coordinator any observations, rumors or other information about actions prohibited by this policy and policy ACA.

Unless the concern is otherwise voluntarily resolved, all persons must report incidents that might constitute discrimination, harassment or retaliation directly to the compliance officer or acting compliance officer. All district employees will instruct all persons seeking to file a grievance to communicate directly with the compliance officer. Even if the suspected victim of discrimination, harassment or retaliation does not file a grievance, district employees are required to report to the compliance officer any observations, rumors or other information about actions prohibited by this policy. If a person refuses or is unable to submit a written complaint, the compliance officer will summarize the verbal complaint in writing. A grievance is not needed for the district to act upon finding a violation of law, district policy or district expectations.

Even if a grievance under this policy is not directly filed, if the compliance officer otherwise learns about possible discrimination, harassment or retaliation, including violence, the district will conduct a prompt, impartial, adequate, reliable and thorough investigation to determine whether unlawful conduct occurred and will implement the appropriate interim measures if necessary.

Student-on-Student Harassment

Building-level administrators are in a unique position to identify and address discrimination, harassment and

retaliation between students, particularly when behaviors are reported through the normal disciplinary process and not through a grievance. The administrator has the ability to immediately discipline a student for prohibited behavior in accordance with the district's discipline policy. The administrator will report all incidents of discrimination, harassment and retaliation to the compliance officer and will direct the parent/guardian and student to the compliance officer for further assistance. The compliance officer may determine that the incident has been appropriately addressed or recommend additional action. When a grievance is filed, the investigation and complaint process detailed below will be used.

Investigation

The district will immediately investigate all grievances. All persons are required to cooperate fully in the investigation. The district compliance officer or other designated investigator may utilize an attorney or other professionals to conduct the investigation.

In determining whether alleged conduct constitutes discrimination, harassment or retaliation, the district will consider the surrounding circumstances, the nature of the behavior, the relationships between the parties involved, past incidents, the context in which the alleged incidents occurred and all other relevant information. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. If, after investigation, school officials determine that it is more likely than not (the preponderance of the evidence standard) that discrimination, harassment or other prohibited behavior has occurred, the district will take immediate corrective action.

Grievance Process Overview

1. As all grievances will be investigated by an impartial investigator, if a person designated to hear a grievance or appeal is the subject of the grievance, the compliance officer may designate an alternative person to hear the grievance, or the next highest step in the grievance process will be used. For example, if the grievance involves the superintendent, the compliance officer may designate someone outside the district to hear the grievance in lieu of the superintendent, or the grievance may be heard directly by the Board.
2. An extension of the investigation and reporting deadlines may be warranted if extenuating circumstances exist as determined by the district's compliance officer. The person filing the complaint will be notified when deadlines are extended. If more than twice the allotted time has expired without a response, the appeal may be taken to the next level.
3. Failure of the person filing the grievance to appeal within the timelines given will be considered acceptance of the findings and remedial action taken.
4. The district will investigate all grievances, even if an outside enforcing agency such as the Office for Civil Rights, law enforcement or the CD is also investigating a complaint arising from the same circumstances.
5. The district will only share information regarding an individually identifiable student or employee with the person filing the grievance or other persons if allowed by law and in accordance with Board policy.
6. Upon receiving a grievance, district administrators or supervisors, after consultation with the compliance officer, will implement interim measures as described in this policy if necessary to prevent further potential discrimination, harassment or retaliation during the pending investigation.

Filing a Grievance

Grievances shall be submitted in writing to the compliance officer:

Tim Thompson, Human Resources Coordinator

Jefferson City School District

315 East Dunklin Jefferson City, MO 65101

Phone: 573-632-1938 / Fax: 573-659-3044

Grievance Process

Level I: A grievance is filed with the district's compliance officer. The compliance officer may, at his or her discretion, assign a school principal or other appropriate supervisor to conduct the investigation when appropriate. If the compliance officer is the subject of the grievance, the grievance shall be referred to a school principal or other appropriate supervisor to conduct the investigation.

Regardless of who investigates the grievance, an investigation will commence immediately, but no later than five working days after the compliance officer receives the grievance. The compliance officer or designee shall conduct a prompt, impartial, adequate, reliable and thorough investigation, including the opportunity for the person filing the grievance and other parties involved to identify witnesses and provide information and other evidence. The compliance officer or designee will evaluate all relevant information and documentation relating to the grievance.

Within 30 working days of receiving the grievance, the compliance officer will complete a written report that summarizes the facts and makes conclusions on whether the facts constitute a violation of this policy based on the appropriate legal standards. If a violation of this policy is found, the compliance officer will recommend corrective action to the superintendent to address the discrimination, harassment or retaliation; prevent recurrence; and remedy its effects. If someone other than the compliance officer conducts the investigation, the compliance officer or acting compliance officer will review and sign the report. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and any alleged perpetrator will be notified in writing, within five working days of the completion of the report, in accordance with law and district policy, regarding whether the district's compliance officer or designee determined that district policy was violated.

Level II – Within five working days after receiving the Level I decision, the person filing the grievance, the victim if someone other than the victim filed the grievance, or any alleged perpetrator may appeal the compliance officer's decision to the superintendent by notifying the superintendent in writing. The superintendent may, at his or her discretion, designate another person (other than the compliance officer) to review the matter when appropriate.

Within ten working days, the superintendent will complete a written decision on the appeal, stating whether a violation of this policy is found and, if so, stating what corrective actions will be implemented. If someone other than the superintendent conducts the appeal, the superintendent will review and sign the report before it is given to the person appealing. A copy of the appeal and decision will be given to the compliance officer or acting compliance officer. The person who initially filed the grievance, the victim if someone other than the victim filed the grievance, and any alleged perpetrator will be notified in writing, within five working days of the superintendent's decision, regarding whether the superintendent or designee determined that district policy was violated.

Level III – Within five working days after receiving the Level II decision, the person filing the grievance, the victim if someone other than the victim filed the grievance, or any alleged perpetrator may appeal the superintendent's

decision to the Board by notifying the Board secretary in writing. The person filing the grievance and the alleged perpetrator will be allowed to address the Board, and the Board may call for the presence of such other persons deemed necessary. The person filing the grievance will be allowed to present witnesses and evidence to the Board. The Board will issue a decision within 30 working days for implementation by the administration. The Board secretary will give the compliance officer or acting compliance officer a copy of the appeal and decision. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and the alleged perpetrator will be notified in writing, within five working days of the Board's decision, in accordance with law and district policy, regarding whether the Board determined that district policy was violated. The district will take steps to prevent the recurrence of any discrimination and correct its discriminatory effects on the complainant and others, where appropriate. The decision of the Board is final.

Confidentiality and Records

To the extent permitted by law and in accordance with Board policy, the district will keep confidential the identity of the person filing a grievance and any grievance or other document that is generated or received pertaining to grievances. Information may be disclosed if necessary to further the investigation, appeal or resolution of a grievance, or if necessary to carry out disciplinary measures. The district will disclose information to the district's attorney, law enforcement, the CD and others when necessary to enforce this policy or when required by law. In implementing this policy, the district will comply with state and federal laws regarding the confidentiality of student and employee records. Information regarding any resulting employee or student disciplinary action will be maintained and released in the same manner as any other disciplinary record. The district will keep any documentation created in investigating the complaint including, but not limited to, documentation considered when making any conclusions, in accordance with the Missouri Secretary of State's retention manuals and as advised by the district's attorney.

Training

The district will provide training to employees on identifying and reporting acts that may constitute discrimination, harassment or retaliation. The district will instruct employees to make all complaints to the district's compliance officer or acting compliance officer and will provide current contact information for these persons. The district will inform employees of the consequences of violating this policy and the remedies the district may use to rectify policy violations. All employees will have access to the district's current policy, required notices and complaint forms. The district will provide additional training to any person responsible for investigating potential discrimination, harassment or retaliation.

The district will provide information to parents/guardians and students regarding this policy and will provide age-appropriate instruction to students.

Board policy will take precedence.

STUDENT DISCIPLINE

BOARD POLICY: JG, JG-R1, JGA-2, JGB, JGD, JGE

The Jefferson City School District Board Policy is intended to be illustrative but not an exclusive listing of acts of misconduct and the consequences for each. The Board Policy is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. It is the purpose of this policy to list certain offenses, which, if committed by a student, will result in the imposition of a certain disciplinary action. Any conduct not included herein, or any aggravated circumstance of any offense or, any action involving a combination of offenses may result in disciplinary consequences that extend beyond this policy as determined by the principal, superintendent and/or Board of Education. Deviation from the disciplinary consequences set forth in this policy shall be documented by the Principal, Assistant to the Superintendent of Elementary or Secondary Education, Chief of Learning, Superintendent and/or Board of Education. This policy includes, but is not necessarily limited to, acts of students on district property, including playgrounds, parking lots and district transportation, or at a district activity, whether on or off district property. The district may also discipline students for off-campus conduct that negatively impacts the educational environment, to the extent allowed by law.

Corporal Punishment Policy

For the purposes of this policy, corporal punishment is a form of physical punishment administered by an adult to the body of a child for the purpose of discipline or reformation, or to deter attitudes or behaviors deemed unacceptable. No person employed by or volunteering on behalf of the Jefferson City School District shall administer corporal punishment or cause corporal punishment to be administered upon a student attending district schools.

A staff member may, however, use reasonable physical force against a student for the protection of the student or other persons or to protect property. Restraint of students in accordance with the district's policy on student seclusion and restraint is not a violation of this policy.

Searches of Students

BOARD POLICY: JFG

The district respects the privacy of students. However, in order to maintain a safe learning environment and properly investigate potential misconduct, district personnel may search student property or district property used by students and, in some limited situations, may require students to undergo drug and/or alcohol testing. All searches will be conducted professionally and in accordance with law. The superintendent or designee is directed to provide staff with appropriate training and is authorized to contact the district's attorney for advice prior to conducting any search.

Students do not have an expectation of privacy in district-provided property. Lockers, desks, technology and other district property are provided for the convenience of students and are subject to periodic inspection in accordance with law.

Student property, including vehicles parked on district property, may be searched based on reasonable suspicion of a violation of law, district policy or other rules applicable to students. Reasonable suspicion must

be based on facts known to the administration, credible information provided or reasonable inference drawn from such facts or information. Searches of student property shall be limited in scope based on the original justification for the search. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses when possible.

If reasonable under the circumstances, district administrators performing a search may require students to empty pockets or remove jackets, coats, shoes and other articles of exterior clothing that when removed do not expose undergarments not otherwise observable.

District administrators will contact law enforcement officials to perform a search if they reasonably suspect that a student is concealing controlled substances, drug paraphernalia, weapons, stolen goods or evidence of a crime beneath his or her clothing and the student refuses to surrender such items. District administrators may contact law enforcement officials for assistance in performing a search in any case in which a student refuses to allow a search or in which the search cannot be conducted safely.

District employees, administrators and volunteers, other than commissioned law enforcement officials, shall not strip search students, as defined in state law, except that an administrator may conduct such a search if a commissioned law enforcement officer is not immediately available and the administrator has reason to believe that the student possesses a weapon, explosive or substance that poses an imminent threat of physical harm to the student or others.

If a student is strip searched, as defined in state law, by an administrator or a commissioned law enforcement officer, the district will attempt to notify the student's parents/guardians as soon as possible. For the purposes of this section, the term "strip search" shall not include the removal of clothing in order to investigate the potential abuse or neglect of a student, give medical attention to a student or screen a student for medical conditions.

The district may arrange for law enforcement officials to use professionally trained dogs to detect the presence of drugs on district property. A dog alerting to the presence of drugs will constitute reasonable suspicion for district administrators to conduct a search. Drug-detection dogs will not come into direct contact with students. The superintendent or designee shall develop procedures for the use of drug-detection dogs. Trained dogs may also be used to detect the presence of explosives and other contraband.

If district personnel have reasonable suspicion that a student is inebriated or has come to school soon after consuming drugs or alcohol, the district may require the student to participate in a drug or alcohol test given by district authorities. If the student refuses to participate, the student may be disciplined as if the student tested positive for the substance. In accordance with law, the district may implement a random student drug-testing program for students in extracurricular activities.

Reporting to Law Enforcement

BOARD POLICY: JGF

It is the policy of the Jefferson City School District to report all crimes occurring on district property to law enforcement including, but not limited to, the crimes the district is required to report in accordance with law. A list of crimes the district is required to report is included in Board Policy.

The principal shall also notify the appropriate law enforcement agency and superintendent if a student is discovered to possess a controlled substance or weapon in violation of the district's policy.

In addition, the Assistant to the Superintendent of Elementary Education shall notify the appropriate division of the juvenile or family court upon suspension for more than ten (10) days or expulsion of any student who the district is aware is under the jurisdiction of the court.

Likewise, a student may become ineligible for or be required to forfeit any honors and awards as a disciplinary consequence.

SUICIDE AWARENESS AND PREVENTION

BOARD POLICY: JHDF

Suicide is a leading cause of death among youths in Missouri and is a public health concern impacting all Missouri citizens. The Jefferson City School District is committed to maintaining a safe environment to protect the health, safety and welfare of students.

Response Plan

District employees will respond immediately in situations where they have a reasonable belief that a student may be at risk of suicide or may be having a suicide crisis.

Students Who May Be at Risk of Suicide

Any district employee who has a reasonable belief that a student may be at risk of suicide, even though the student is not having a suicide crisis as defined in this policy, will take the following steps:

1. Make every effort to locate the student immediately, and do not leave the student alone.
2. Notify a CRT member or the building administrator or designee. If the employee cannot reach the building administrator, designee or any of the CRT members, the employee will contact the student's parent/guardian. If the parent/guardian is also unavailable, or at the parent's/guardian's request, the employee will contact emergency services.

When a CRT member or the building administrator or designee receives notification that a student may be at risk of suicide, he or she will take the following steps:

1. If the student cannot be located or leaves after being located, a CRT member or the building administrator or designee will contact the parent/guardian to explain the district's concern.
2. If the student has been located, a CRT member or the building administrator or designee will use an evidence-based/informed tool to determine whether the student is at risk of suicide and the appropriate response. Regardless of the determination, the building administrator or designee will contact the student's parent/guardian to discuss the concern.
3. If it is determined that the student may be at risk of suicide, a school counselor and a CRT member will meet with the student and his or her parents/guardians to discuss support and safety systems, available resources, coping skills and collaborative ways to support the student.

Students Who May Be Having a Suicide Crisis

If an employee reasonably believes that a student is having a suicide crisis, the employee will take the following steps:

1. Make every effort to locate the student immediately, and do not leave the student alone.
2. Immediately report the situation to a CRT member or the building administrator or designee. If the employee cannot reach the building administrator, designee or any of the CRT members, the employee will notify the student's parent/guardian and contact emergency services. The employee may also contact the National Suicide Prevention Lifeline (800-273-8255) for assistance. As soon as practical, the employee will notify the building administrator or designee.

When a CRT member or the building administrator or designee receives notification that a student is believed to be having a suicide crisis, he or she will take the following steps:

1. If the student cannot be located or leaves after being located, a CRT member or the building administrator or designee will contact the parent/guardian to explain the district's concern.
2. If the student has been located, the CRT member or the building administrator or designee will, based on his or her training and an assessment of the student, determine the appropriate action, including whether to call emergency services, and implement the appropriate response.
3. At an appropriate time after the crisis has passed, a school counselor and a CRT member will meet with the student and his or her parents/guardians to discuss support and safety systems, available resources, coping skills and collaborative ways to support the student.

Confidentiality

Employees are required to share with the CRT and administrators or their designees any information that may be relevant in determining whether a student is at risk of suicide, is having a suicide crisis or is otherwise at risk of

harm. Employees are prohibited from promising students that information shared by the student will be kept secret when the information is relevant to the student's safety or the safety of another person.

The term "instructional material" does not include academic tests or academic assessments.

In general, the district will not collect, disclose or use personal student information for the purpose of marketing or selling that information or otherwise providing the information to others for that purpose. In the rare case where the district may collect information from students for the purpose of marketing or selling that information, parents may inspect any instrument used before the instrument is administered or distributed to a student, upon request and in accordance with Board policy.

3. Activities involving the collection, disclosure or use of personal information obtained from students for marketing, selling or otherwise distributing information to others. The district will directly notify parents of the specific or approximate dates during the school year when the above-listed activities will occur or are expected to occur.

Notification of Policy and Privacy

Parents will be directly notified of this policy at least annually at the beginning of the school year and within a reasonable period of time after any substantive change in the policy. The district will take measures to protect the identification and privacy of the students participating in a protected information survey, regardless of the source of funding. All student educational records will be protected in accordance with law and Board Policy. The provisions of this policy applicable to parents will transfer to a student who is 18 years old or emancipated.

504/TITLE II PUBLIC NOTICE

BOARD POLICY: KB

The Jefferson City School District, as a recipient of federal financial assistance from the United States Department of Education and operates a public elementary or secondary education program and/or activity, is required to undertake to identify and locate every qualified person residing in the District who is not receiving a public education; and take appropriate steps to notify disabled persons and their parents or guardians of the District’s duty.

The Jefferson City School District assures that it will provide a free appropriate public education (FAPE) to each qualified disabled person in the District’s jurisdiction regardless of the nature or severity of the person’s disability. For purposes of Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act, the provision of an appropriate education is the provision of regular or special and related aids and services that (i) are designed to meet individual educational needs of disabled persons as adequately as the needs of nondisabled persons are met and (ii) are based on adherence to procedures that satisfy the requirements of the 504 federal regulations.

The Jefferson City School District has developed a 504/Title II Procedures Manual for the implementation of federal regulations for Section 504 of the Rehabilitation Act, Subpart D. This Procedures Manual may be reviewed during regular business hours at the District Central Office located at 315 East Dunklin St. Jefferson City, MO 65101.

As a result, it shall be a violation of this policy for any employee of the school district to harass students or other employees of the school district because of their race, color, religion, gender, sexual orientation or perceived sexual orientation, national origin, ancestry, disability, age, genetic information, or any other characteristic protected by law. It shall also be a violation of this policy for students to harass employees or other students of the school district based on their race, color, religion, gender, sexual orientation or perceived sexual orientation, national origin, ancestry, disability, age, genetic information, or any other characteristic protected by law. In order to constitute a violation of this policy, the harassment must occur on or in school district property, including school owned or contracted vehicles; or during or in conjunction with a school sponsored activity; or directly in connection with the educational process of the school district.

BOARD POLICY: IL

FAMILY RIGHTS AND PRIVACY ACT NOTIFICATION

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write to the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an

education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, highly mobile children, such as migrant and homeless children, and children who are suspected of having a

disability and in need of special education even though they are advancing from grade to grade. The Jefferson City School District assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, mental retardation, multiple disabilities, orthopedic impairment, other health impairments, specific learning disabilities, speech or language impairment, traumatic brain injury, visual impairment/blindness and young child with a developmental delay.

The Jefferson City School District assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The Jefferson City School District assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA). This plan may be reviewed as necessary.

This notice will be provided in native languages as appropriate.

STUDENT RECORDS

BOARD POLICY: JO

In order to provide students with appropriate instruction and educational services, it is necessary for the district to maintain extensive and sometimes personal information about students and families. These records must be kept confidential in accordance with law, but must also be readily available to district personnel who need the records to effectively serve district students. It is the principal purpose of the cumulative record to provide information that will enable the faculty to assist the pupil in any way possible in planning the educational program. The pupil's cumulative record may include, but is not limited to, identifying data; family background information; health data; academic work completed; attendance data; level of achievement, including grades, scores on standardized achievement, intelligence, aptitude, and psychological tests; interest inventory results; teacher or counselor ratings and observations; and verified reports of serious behavior patterns.

The Board of Education shall, upon the recommendation of the superintendent, adopt a plan whereby all pertinent student information shall be recorded and adequately safeguarded.

The superintendent or designee will provide for the proper administration of student records in accordance with law, will develop appropriate procedures for maintaining student records and will standardize procedures for the collection and transmission of necessary information about individual students throughout the district. The superintendent and building principals will develop a student records system that includes protocols for releasing student education records. Principals are responsible for maintaining and protecting the student education records in each school. The superintendent or designee will make arrangements so that all district employees are trained annually on the confidentiality of student education records, as applicable for each employee classification.

Definitions

Eligible Student – A student or former student who has reached age 18 or is attending a postsecondary school.

Parent – A biological or adoptive parent of a student, a guardian of a student, or an individual acting as a parent or guardian in the absence of the student's parent or guardian.

Student – Any person who attends or has attended a school in the school district and for whom the district maintains education records.

Health Information

Student health information is a type of student record that is particularly sensitive and protected by numerous state and federal laws. Student health information shall be protected from unauthorized, illegal or inappropriate disclosure by adherence to the principles of confidentiality and privacy. The information shall be protected regardless of whether the information is received orally, in writing or electronically and regardless of the type of record or method of storage.

Parent and Eligible Student Access

All parents may inspect and review their student's education records, seek amendments, consent to disclosures and file complaints regarding the records as allowed by law. These rights transfer from the parent to the student once the student becomes an eligible student; however, under the Missouri Sunshine Law, parents maintain some rights to inspect student records even after a student turns 18. The district will extend the same access to records to either parent, regardless of divorce, custody or visitation rights, unless the district is provided with evidence that the parent's rights to inspect records have been legally modified.

If a parent or eligible student believes an education record related to the student contains information that is inaccurate, misleading or in violation of the student's privacy, the parent or eligible student may use the appeals procedures created by the superintendent or designee to request that the district amend the record.

The district will annually notify parents and eligible students of their rights in accordance with law.

Jefferson City School District

ANNUAL NOTIFICATION OF DIRECTORY INFORMATION

BOARD POLICY: JO

Directory information is information contained in an education record of a student that generally would not be considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The district will designate the types of information included in directory information and release this information without first obtaining consent from a parent or eligible student unless a parent or eligible student notifies the district in writing as directed. Parents and eligible students will be notified annually of the information the district has designated as directory information and the process for notifying the district if they do not want the information released.

Even if parents or eligible students notify the district in writing that they do not want directory information disclosed, the district may still disclose the information if required or allowed to do so by law. For example, the district may require students to disclose their names, identifiers or district e-mail addresses in classes in which they are enrolled, or students may be required to wear, publicly display or disclose a student identification card or badge that exhibits information that is designated as directory information.

General Directory Information – The following information the district maintains about a personally identifiable student may be disclosed by the district to the school community through, for example, district publications, or to any person without first obtaining written consent from a parent or eligible student: Student's name; date of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); participation in district-sponsored or district-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; dates of attendance; degrees, honors and awards received; artwork or coursework displayed by the district; schools or school districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information – In addition to general directory information, the following information the district maintains about a personally identifiable student may be disclosed to parent groups or booster clubs that are recognized by the board and are created solely to work with the district, its staff, students and parents and to raise funds for district activities for the purposes of encouraging membership or participation in the group or club; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services for official governmental purposes: The student's address, home telephone number and e-mail address and the parents' addresses, telephone numbers and e-mail addresses.

The district may require a person or entity that requests limited directory information to certify in writing that the information will not be redisclosed without the prior written consent of the parent or eligible student.

Military and Higher Education Access

The district will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law unless the parent or student notifies the district in writing not to disclose the information to those entities.

VIRTUAL COURSES

BOARD POLICY: IGCD

General

Virtual instruction can be an effective education option for some students, and the district may offer virtual courses to students through district staff or by contracting for those services as part of the district-sponsored curriculum. Eligible students may also enroll in Missouri Course Access and Virtual School Program (MOCAP) courses in accordance with policy IGCD. The district will accept all grades and credits earned through district-sponsored virtual instruction and MOCAP.

Before a student independently enrolls in and pays for virtual courses not otherwise accessible through the district, the district recommends that the student meet with district staff to ensure that the course aligns with the student's education goals and that the district will accept the course credit.

Virtual Course Behavior and Expectations

Students taking courses virtually are subject to district policies, procedures and rules applicable to students enrolled in traditional courses including, but not limited to, the district's code of conduct and prohibitions on academic dishonesty, discrimination, harassment, bullying and cyberbullying.

When students are participating in virtual courses, what can be seen and heard electronically from the student's location becomes part of the district's education environment. Students are responsible for ensuring that what is seen, heard or otherwise communicated is appropriate for the learning environment and is not disruptive. The district's code of conduct applies to virtual in-class behavior. Student speech that is prohibited on campus is also prohibited in the virtual classroom. In a virtual classroom, such conduct or speech could include, but is not limited to, messaging conveyed by symbols or phrases that are visible on clothing; signage in the visible background; virtual background imagery; graphics or text visible during screen sharing; background audio; communications in classroom chats; disruptive screen names; and any other messaging a student places into the virtual environment that disrupts learning, is not appropriate for the education environment or is contrary to the district's educational mission.

Students may electronically display everyday items that they would be prohibited from possessing at school (such as pets, toys or objects forming typical room décor) as long as the display does not disrupt learning.

Virtual Course Enrollment

The superintendent or designee will establish open enrollment periods and registration deadlines for students to enroll in district-offered virtual courses and MOCAP courses. These enrollment periods and registration deadlines will be strictly enforced unless the superintendent or designee determines that an exception is warranted due to circumstances such as a change in a student's health or the long-term suspension of a student. Enrollment periods and registration deadlines must align with the district's academic calendar and assessment schedule to the extent practicable.

If the request to take a virtual course is denied, students or their parents/guardians may appeal the decision to the superintendent or designee, and the superintendent's or designee's decision will be final. Requests to take MOCAP courses will be processed as required by law as outlined in policy IGCD.

Attendance and Completion

Students who enroll in district-sponsored virtual courses or MOCAP courses through the district are expected to actively participate in those courses with the goal of completing the course. If a student does not actively participate in a course or is not progressing in the course, the district may remove the student from the virtual course and refuse to enroll the student in virtual courses in the future.

Students enrolled in virtual courses are expected to complete all course requirements in the time allotted for the course. Extensions of time to complete a virtual course will be permitted only in situations where completion of the course in the allotted time would be impossible due to factors beyond the student's control.

Students enrolled in a district-sponsored course or MOCAP course through the district will be considered in attendance for state aid purposes in accordance with law. A completed virtual course or MOCAP course shall be counted as no less than 95 percent attendance for purposes of A+ Scholarship Program eligibility.

Missouri Assessment Program

Students are required to take the state-mandated examinations administered by the district regardless of whether the course for which the examination is required was taken virtually or in person.
