

JC Schools 2021 Summer School

Enrolling **Non-Public** Kindergarten/Elementary/Middle School Students

Who may enroll?

Kindergarten, Elementary, and Middle School students who have residence within the JC Schools boundary and who desire to attend JC Schools summer school.

Where/When to enroll?

Enrollment for non-public students opens **March 8, 2021**.

- Go to <http://bit.ly/2021SummerSchool>
- After submitting the online registration application, you will receive an email with further instructions.
 - **Kindergarten (those attending Kindergarten in 21-22 school year)** – Parent/Legal Guardian will need to make an appointment with the JC Schools Welcome Center and provide the required documents (see below). Email will contain a link to schedule an appointment. Appointments can be done over the phone or in person.
 - **1st – 8th grade (current K – 7th grade)** – Parent/Legal Guardian does not need to make an appointment with the JC Schools Welcome Center nor show up in person at the Welcome Center as long as proof of residency is provided another way (see below).
- In order to maintain optimal class sizes, JC Schools will be limiting summer school enrollments within each grade and school. To ensure that your student will attend summer school in the school building in whose boundary you reside and be eligible for district provided transportation, we recommend completing online registration (OLR) **before April 21st**. For OLR applications received after classrooms within your boundary school/grade reach capacity, district officials may assign the student to a classroom in another school building that has availability. District provided transportation will not be available in this situation. Placement in school buildings outside of your boundary school is strictly based on enrollment numbers and is not available for parent request.
