Jefferson City Public Schools

Dear Parent or Guardian:

The Jefferson City Public Schools are currently making plans for a four-week Thematic Skills Summer School program for students enrolled in kindergarten for the upcoming school year. The program will be offered at each elementary school. Students will only be able to attend their home attendance area school. No special requests will be honored. The program will be designed to acclimate students to the school environment and to teach readiness skills in the areas of reading and math. Similar programs have shown to be very beneficial in giving children a good introduction to the school and helping them be "ready" for that first year.

This letter will serve as an official invitation for the Kindergarten Summer School Program. Please remember that the student must be officially enrolled for the 2018-19 kindergarten class and have all immunizations current.

In order to adequately prepare for the summer school program, the Jefferson City Public Schools needs to know how many pupils will be attending. If you wish to enroll your child, simply fill out the attached forms and return to the Welcome Center along with your other kindergarten enrollment documents by **April 4<sup>th</sup>, 2018**. Summer School enrollments will not be considered until all enrollment documents have been submitted. **Please keep the attached flyer for future reference.** If you have any questions, please contact my office at 573-659-3016.

Sincerely,

Bridget Frank  
Director of Special Services
