Apparel is expected to conform to reasonable student standards of modesty, and as such, no excessive or inappropriate areas of skin or undergarments may be exposed. No apparel or grooming that presents a safety concern is permitted. No apparel displaying messages that are sexually explicit, vulgar, violent, or advocating illegal activities is permitted. Further, no clothing or personal grooming that disrupts, or is likely to disrupt, the educational environment is permitted.

#### **BUS REGULATIONS**

In order to provide a safe and efficient school transportation program for all students, the following rules shall be observed. These rules are posted on all buses:

- Follow driver's instructions

To this end, video cameras will be used to aid drivers in monitoring student behavior on the bus.

#### \*Principals may skip steps depending upon severity or repetition of violations.

#### **GENERAL HEALTH INFORMATION**

The following information is provided to help parents regarding certain conditions that require exclusion from school.

- \*Fever of 100 degrees or over
- \*Vomiting
- \*Diarrhea
- Ringworm
- Undiagnosed rashes
- Red, inflamed eyes (pink eye) excluded until diagnosed and treated for 24 hours with antibiotic drops
- Impetigo (a contagious skin condition, with crusty areas especially about the nose and mouth)
- Head Lice (excluded, until properly treated)
- Scabies (excluded until appropriate medical treatment)
- Common childhood diseases State Regulations
- Chicken pox (excluded until rash is crusted over)
- Strep Throat (following a positive throat culture the child must be on antibiotics and without fever for 24 hours before returning to school)

\*Students sent home ill, with elevated temperatures, vomiting, or diarrhea, are asked to be kept at home until they are symptom-free for twenty-four (24) hours without the use of fever reducing agents. Many students are sent home ill one day, return the next, and need to be sent home again because they have not recovered.

We appreciate parents sharing the diagnosis and treatment of students sent to physicians so we can be alerted to possible problems in other children (pink eye, head lice, strep throat, worms, etc.).

#### FIFTH GRADE GROWTH AND DEVELOPMENT PROGRAM

Each year, the school nurse (or other designated staff) at each elementary building presents an age-appropriate program on the subject of changes in adolescence to the fifth grade boys and girls. Students are separated by gender for this instruction. District staff are required to notify parents of the program's content and the date/time the program will occur. Parents/guardians have the right to remove their student from any part of the instruction by contacting the school nurse prior to the program date. All materials used in the district's instruction will be available for parents to preview at the school prior to the program.

#### **MEDICINE POLICY**

In an effort to help ensure good health and safety for the students of our school, we have established the following guidelines:

- 1. Do not send medicine to school unless it is absolutely necessary.
- 2. Medications prescribed (or given) three times a day should be given at home: before school after school at bedtime.
- 3. **All** medications (prescribed and over-the-counter) must be presented to the school nurse/office staff in the <u>original</u> <u>container</u> that is properly labeled with child's name, doctor's name, date, dose, and time of administration.
- 4. Medications **must** be accompanied by a **signed** consent from the parent for staff to administer. This consent must include **instructions** (dose, time, frequency), which concur with prescription/medication label.
- 5. We prefer an adult bring the medication to school. If not possible, we request a phone call to alert us your child is bringing medication.
- 6. A separate form must be completed for children with long-term health conditions requiring daily or frequent medications. <u>Please contact your school nurse.</u>

#### MEDICATIONS THAT FAIL TO MEET THIS CRITERIA WILL NOT BE GIVEN

#### **CANCELLATION OF SCHOOL**

Cancellation of school takes place only during extraordinary circumstances such as extreme weather conditions, equipment failure, or public crisis. The school board and administrators are aware of the hardship, which can be caused by an abrupt cancellation. Therefore, school will not be canceled unless a significant safety risk has been created by unusual circumstances. Every practical means is used to notify parents of an impending cancellation. Please use our local radio, TV, or newspaper to be advised of any school cancellations. The following news media will be contacted: KWOS, KLIK, KPLA, KJLU, KCRG-TV-CHANNEL-13, KOMU-TV-CHANNEL 8, KMIZ-TV-CHANNEL 17. Also, you may access this information from our school info line at 635-5277. You may also visit the District's website at www.jcschools.us.

#### **TOBACCO-FREE DISTRICT**

To promote the health and safety of all students and staff, and to promote the cleanliness of district property, the district prohibits all employees, students, and patrons from smoking, using tobacco products, imitation tobacco products, and electronic cigarettes in all district facilities, on district transportation, and on all district grounds at all times. This prohibition extends to all facilities the district owns, contracts for, or leases to provide educational services, routine health care, daycare or early childhood development services to children, effective March 1, 2006.

This prohibition does not apply to any private residence or any portion of a facility that is used for inpatient hospital treatment of individuals dependent on, or addicted to, drugs or alcohol in which the district provides services.

Students and staff who possess or use such products on district grounds, district transportation, or at district activities will be disciplined in accordance with Board policy.

#### STUDENT ATTENDANCE

In accordance with Missouri State law, every parent or person having charge, control, or custody of a child between the ages of seven and seventeen years of age is responsible for keeping the child in school. Irregular school attendance is one of the most important causes of low grades and/or failure in school. Irregular school attendance can result in "educational neglect" being reported to the Division of Family Services. It can also serve as a reason for retaining a student. A student cannot make academic progress if they are not in school on a regular basis. Students who are tardy will fall under the same guidelines used for attendance.

If it is necessary for a student to stay home due to illness or other reasons, the student's parent/guardian is to call the elementary school office by 10:00 a.m. on the day of the absence. If the parent does not call school, the school secretary is required to phone parents regarding student absences.

- 3 days of absence by the end of September
- 5 days of absence by the end of October
- 7 days of absence by the end of November
- 8 days of absence by the end of December
- 10 days of absence by the end of January
- 12 days of absence by the end of February
- 13 days of absence by the end of March
- 16 days of absence by the end of April
   16 days of absence by the end of April
- 17 days of absence by the end of May

First Offense:	The Principal will notify parents/guardians of attendance concerns, in writing.
Subsequent Offenses:	Second written notification of concern, principal/parent conference or written notification of
	case referral to a Family School Advocate.

**Note:** If attendance concerns persist after interventions by the Family School Advocate, then the Family School Advocate, the Principal, and the Assistant to the Superintendent of Elementary Education may refer the case to the Division of Family Services or the Juvenile Court.

Students arriving late to school are to report directly to the office with their parent/guardian stating the reason for the tardiness. The office will make the necessary arrangements to admit the student to class.

Students who are habitually tardy will have the same consequences as students who are absent.

If a student needs to leave early, the parent/guardian should come to the office and state the reason for dismissal. Students will not be dismissed to their parents from the classroom. The office personnel will locate the student and request the student meet the parent/guardian in the office. Students may not leave the building or school grounds before the close of school unless approval is granted from the office.

Any student arriving late or leaving early must have their parent/guardian come into the elementary office and state the reason for the student being tardy/dismissed. It is the responsibility of the students to ask all teachers for make-up assignments. If absence is due to work, travel, or a planned event please contact the principal prior to the absence.

#### **CHANGE OF ADDRESS, WORKPLACE, OR PHONE NUMBER**

It is very important for emergency and administrative reasons that every student maintains an up-to-date address record at the school office. Notify the school immediately if you have a change of address, home phone number, or work phone number during the school year. Beginning fall of 2018 a new feature will be turned on in the Infinite Campus Parent Portal that allows parents/guardians to view, add, and update certain student and household information from the Portal.

#### **STUDENT DISMISSAL / RELEASE OF STUDENTS**

District administrators will create student dismissal procedures that protect the safety of students while also addressing the necessary flow of traffic to and from school. These procedures may vary depending on the age of the student. District personnel will monitor the parking lot and other locations where students board the district's transportation or meet parents or others. At the request of a parent, school personnel will verify the identity of a parent or other authorized person before releasing the student. District staff may refuse to release a student and will notify the principal if they have concerns regarding the student's safety or whether a person is authorized to transport the student. Otherwise the district will assume that the student knows with whom he or she may leave.

Each school building will provide parents with their school's daily schedule, including when before-school and after-school supervision will be provided to students. The district will not be responsible for supervising students outside the stated times. Parents should not drop off or leave children at the school during unsupervised periods.

#### **STUDENT DISCIPLINE**

The Student Code of Conduct is intended to be illustrative but not an exclusive listing of acts of misconduct and the consequences for each. The Student Code of Conduct is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. It is the purpose of this code to list certain offenses, which, if committed by a student, will result in the imposition of a certain disciplinary action. Any conduct not included herein, or an aggravated circumstance of any offense or an action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education. Deviation from the disciplinary or Secondary Education, Chief of Learning, Superintendent and/or Board of Education. This code includes, but is not necessarily limited to, acts of students on school property, including playgrounds, parking lots and school transportation, or at a school activity, whether on or off school property, and acts of students off school property that cause a material and substantial disruption to the school environment.

#### **Corporal Punishment Policy**

For the purposes of this policy, corporal punishment is a form of physical punishment administered by an adult to the body of a child for the purpose of discipline or reformation, or to deter attitudes or behaviors deemed unacceptable. No person employed by or volunteering on behalf of the Jefferson City School District shall administer corporal punishment or cause corporal punishment to be administered upon a student attending district schools.

A staff member may, however, use reasonable physical force against a student for the protection of the student or other persons or to protect property. Restraint of students in accordance with the district's policy on student seclusion, isolation and restraint is not a violation of this policy.

#### **Searches By School Personnel**

School lockers, desks and other district property are provided for the convenience of students and, as such, are subject to periodic inspection without notice.

Student property may be searched based on reasonable suspicion of a violation of district rules, policy or state law. Reasonable suspicion must be based on facts known to the administration, credible information provided or reasonable inference drawn from such facts or information. Searches of student property shall be limited in scope based on the original justification of the search. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses and not in front of other students, unless exigent circumstances exist. The use of trained dogs to sniff lockers or other school property to assist in detection of the presence of drugs, explosives and other contraband is expressly authorized.

It is a privilege, not a right, to park on school grounds. The school retains the authority to conduct routine patrols of any vehicle parked on school grounds. The interior of a student's automobile on school premises may be searched if the school authority has reasonable suspicion to believe that such a search will turn up evidence that the student has violated or is violating either the law or district policy.

The administration will contact law enforcement officials to perform a search if the administration reasonably suspects that a student is concealing controlled substances, drug paraphernalia, weapons, stolen goods or evidence of a crime beneath his or her clothing and the student refuses to surrender such items. Law enforcement officials may be contacted for assistance in performing a search in any case in which a student refuses to allow a search or in which the search cannot safely be conducted.

School employees and volunteers, other than commissioned law enforcement officers, shall not strip search students, as defined in state law, except in situations where an employee reasonably believes that the student possesses a weapon, explosive or substance that poses an imminent threat of physical harm to the student or others and a commissioned law enforcement officer is not immediately available. If a student is strip searched, as defined in state law, by a school employee or a commissioned law enforcement officer, the district will attempt to notify the student's parents/guardians as soon as possible.

During an examination, and if reasonable under the circumstances, school employees may require students to empty pockets or remove jackets, coats, shoes and other articles of exterior clothing that when removed do not expose underwear. Employees may also remove student clothing to investigate the potential abuse or neglect of a student, give medical attention to a student, provide health services to a student or screen a student for medical conditions.

#### **Reporting to Law Enforcement**

It is the policy of the Jefferson City School District to report all crimes occurring on school grounds to law enforcement, including, but not limited to, the crimes the district is required to report in accordance with law.

The following acts, regardless of whether they are committed by juveniles, are subject to this reporting requirement:

In addition, the Assistant to the Superintendent of Elementary Education shall notify the appropriate division of the juvenile or family court upon suspension for more than ten (10) days or expulsion of any student who the district is aware is under the jurisdiction of the court.

#### **Documentation in Student's Discipline Record**

The principal, designee or other administrators or school staff will maintain all discipline records as deemed necessary for the orderly operation of the schools. In addition, any offense that constitutes a "serious violation of the district's discipline policy" must be documented in the student's discipline record in accordance with law. If a person refuses or is unable to submit a written complaint, the compliance officer will summarize the verbal complaint in writing. A grievance is not needed for the district to take action upon finding a violation of law, district policy or district expectations.

Even if a grievance is not directly filed, if the compliance officer otherwise learns about possible discrimination, harassment or retaliation, including violence, the district will conduct a prompt, impartial, adequate, reliable and thorough investigation to determine whether unlawful conduct occurred and will implement the appropriate interim measures if necessary.

#### Student-on-Student Harassment

Building-level administrators are in a unique position to identify and address discrimination, harassment and retaliation between students, particularly when behaviors are reported through the normal disciplinary process and not through a grievance. The administrator has the ability to immediately discipline a student for prohibited behavior in accordance with the district's discipline policy. The administrator will report all incidents of discrimination, harassment and retaliation to the compliance officer and will direct the parent/guardian and student to the compliance officer for further assistance. The compliance officer may determine that the incident has been appropriately addressed or recommend additional action. When a grievance is filed, the investigation and complaint process detailed below will be used.

#### Investigation

The district will immediately investigate all grievances. All persons are required to cooperate fully in the investigation. The district compliance officer or other designated investigator may utilize an attorney or other professionals to conduct the investigation.

In determining whether alleged conduct constitutes discrimination, harassment or retaliation, the district will consider the surrounding circumstances, the nature of the behavior, the relationships between the parties involved, past incidents, the context in which the alleged incidents occurred and all other relevant information. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. If, after investigation, school officials determine that it is more likely than not (the preponderance of the evidence standard) that discrimination, harassment or other prohibited behavior has occurred, the district will take immediate corrective action.

#### **Grievance Process Overview**

1. As all grievances will be investigated by an impartial investigator, if a person designated to hear a grievance or appeal is the subject of the grievance, the compliance officer may designate an alternative person to hear the grievance, or the next highest

step in the grievance process will be used. For example, if the grievance involves the superintendent, the compliance officer may designate someone outside the district to hear the grievance in lieu of the superintendent, or the grievance may be heard directly by the Board.

- 2. An extension of the investigation and reporting deadlines may be warranted if extenuating circumstances exist as determined by the district's compliance officer. The person filing the complaint will be notified when deadlines are extended. If more than twice the allotted time has expired without a response, the appeal may be taken to the next level.
- 3. Failure of the person filing the grievance to appeal within the timelines given will be considered acceptance of the findings and remedial action taken.
- 4. The district will investigate all grievances, even if an outside enforcing agency such as the Office for Civil Rights, law enforcement or the CD is also investigating a complaint arising from the same circumstances.
- 5. The district will only share information regarding an individually identifiable student or employee with the person filing the grievance or other persons if allowed by law and in accordance with Board policy.
- 6. Upon receiving a grievance, district administrators or supervisors, after consultation with the compliance officer, will implement interim measures as described in this policy if necessary to prevent further potential discrimination, harassment or retaliation during the pending investigation.

#### **Filing a Grievance**

Grievances shall be submitted in writing to the compliance officer: Human Resources Coordinator Jefferson City Public Schools 315 East Dunklin Jefferson City, MO 65101 Phone: 573-659-3013 Fax: 573-659-3044

#### **Grievance Process**

1. Level I: A grievance is filed with the district's compliance officer. The compliance officer may, at his or her discretion, assign a school principal or other appropriate supervisor to conduct the investigation when appropriate. If the compliance officer is the subject of the grievance, the grievance shall be referred to a school principal or other appropriate supervisor to conduct the investigation.

Regardless of who investigates the grievance, an investigation will commence immediately, but no later than five working days after the compliance officer receives the grievance. The compliance officer or designee shall conduct a prompt, impartial, adequate, reliable and thorough investigation, including the opportunity for the person filing the grievance and other parties involved to identify witnesses and provide information and other evidence. The compliance officer or designee will evaluate all relevant information and documentation relating to the grievance.

Within 30 working days of receiving the grievance, the compliance officer will complete a written report that summarizes the facts and makes conclusions on whether the facts constitute a violation of this policy based on the appropriate legal standards. If a violation of this policy is found, the compliance officer will recommend corrective action to the superintendent to address the discrimination, harassment or retaliation; prevent recurrence; and remedy its effects. If someone other than the compliance officer conducts the investigation, the compliance officer or acting compliance officer will review and sign the report. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and any alleged perpetrator will be notified in writing, within five working days of the completion of the report, in accordance with law and district policy, regarding whether the district's compliance officer or designee determined that district policy was violated.

2. Level II – Within five working days after receiving the Level I decision, the person filing the grievance, the victim if someone other than the victim filed the grievance, or any alleged perpetrator may appeal the compliance officer's decision to the superintendent by notifying the superintendent in writing. The superintendent may, at his or her discretion, designate another person (other than the compliance officer) to review the matter when appropriate.

Within ten working days, the superintendent will complete a written decision on the appeal, stating whether a violation of this policy is found and, if so, stating what corrective actions will be implemented. If someone other than the superintendent conducts the appeal, the superintendent will review and sign the report before it is given to the person appealing. A copy of the appeal and decision will be given to the compliance officer or acting compliance officer. The person who initially filed the grievance, the victim if someone other than the victim filed the grievance, and any alleged perpetrator will be notified in writing, within five working days of the superintendent's decision, regarding whether the superintendent or designee determined that district policy was violated.

3. Level III – Within five working days after receiving the Level II decision, the person filing the grievance, the victim if someone other than the victim filed the grievance, or any alleged perpetrator may appeal the superintendent's decision to the Board by notifying the Board secretary in writing. The person filing the grievance and the alleged perpetrator will be allowed to address the Board, and the Board may call for the presence of such other persons deemed necessary. The person filing the grievance will be allowed to present witnesses and evidence to the Board. The Board will issue a decision within 30 working days for implementation by the administration. The Board secretary will give the compliance officer or acting compliance officer a copy of the appeal and decision. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and the alleged perpetrator will be notified in writing, within five working days of the Board's decision, in accordance with law and district policy, regarding whether the Board determined that district policy was

violated. The district will take steps to prevent the recurrence of any discrimination and correct its discriminatory effects on the complainant and others, where appropriate. The decision of the Board is final.

#### **Confidentiality and Records**

To the extent permitted by law and in accordance with Board policy, the district will keep confidential the identity of the person filing a grievance and any grievance or other document that is generated or received pertaining to grievances. Information may be disclosed if necessary to further the investigation, appeal or resolution of a grievance, or if necessary to carry out disciplinary measures. The district will disclose information to the district's attorney, law enforcement, the CD and others when necessary to enforce this policy or when required by law. In implementing this policy, the district will comply with state and federal laws regarding the confidentiality of student and employee records. Information regarding any resulting employee or student disciplinary action will be maintained and released in the same manner as any other disciplinary record. The district will keep any documentation created in investigating the complaint including, but not limited to, documentation considered when making any conclusions, in accordance with the Missouri Secretary of State's retention manuals and as advised by the district's attorney.

#### Training

The district will provide training to employees on identifying and reporting acts that may constitute discrimination, harassment or retaliation. The district will instruct employees to make all complaints to the district's compliance officer or acting compliance officer and will provide current contact information for these persons. The district will inform employees of the consequences of violating this policy and the remedies the district may use to rectify policy violations. All employees will have access to the district's current policy, required notices and complaint forms. The district will provide additional training to any person responsible for investigating potential discrimination, harassment or retaliation.

The district will provide information to parents/guardians and students regarding this policy and will provide age-appropriate instruction to students.

\*\*\*\*\*\*\*In the event of a discrepancy between an administrative procedure and a Board policy, the Board policy will take precedence

#### **504/TITLE II PUBLIC NOTICE**

The Jefferson City Public School District, as a recipient of federal financial assistance from the United States Department of Education and operates a public elementary or secondary education program and/or activity, is required to undertake to identify and locate every qualified person residing in the District who is not receiving a public education; and take appropriate steps to notify disabled persons and their parents or guardians of the District's duty.

The Jefferson City Public School District assures that it will provide a free appropriate public education (FAPE) to each qualified disabled person in the District's jurisdiction regardless of the nature or severity of the person's disability. For purposes of Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act, the provision of an appropriate education is the provision of regular or special and related aids and services that (i) are designed to meet individual educational needs of disabled persons as adequately as the needs of nondisabled persons are met and (ii) are based on adherence to procedures that satisfy the requirements of the 504 federal regulations.

The Jefferson City Public School District has developed a 504/Title II Procedures Manual for the implementation of federal regulations for Section 504 of the Rehabilitation Act, Subpart D. This Procedures Manual may be reviewed during regular business hours at the District Central Office located at 315 East Dunklin St. Jefferson City, MO 65101.

This notice will be provided in native languages as appropriate.

#### **NOTICE OF ASSESSMENT PARTICIPATION**

The Jefferson City Public School (JCPS) district administers statewide assessments throughout the school year. These state mandated assessments are only one indicator the district utilizes to ensure that our students are participating in a quality educational program. These assessments also give parents/guardians, or those responsible for the students' education, information to monitor academic progress, and achievements of their child(ren). Information from statewide assessments provides an important benchmark by which we can measure the progress of our students, the effectiveness of curriculum and instruction, and the impact of educational programs. As such, all students in assessed grade levels and contents who are enrolled and present during the district testing window will participate in state assessments. Additional, student participation is required for the district to remain accountable for student learning under state regulations. Jefferson City Public School Board Policy (IL) requires all students enrolled in the district to participate in every aspect of this assessment program.

The JCPS Board of Education has assigned its Superintendent the responsibility of designing a program to encourage each student to put forth their best effort on all sections of the assessment they are taking. This program shall include, although not be limited to, grade level appropriate incentives and or supplementary work, based on the student's performance. Neither the State Department of Elementary and Secondary Education, nor Board policy, allow students to opt out of participation in statewide assessments.

If there are any questions or concerns by patrons, the current policy is on our website at

<u>https://eboard.eboardsolutions.com/ePolicy/listing.aspx?S=117&Sch=117&C=I&F</u>= and search for Code IL which is the Assessment Program. The revised policy is also available for review by the public at the district office during their business hours.

#### SENATE BILL 319

Senate Bill 319 requires school districts to assess the reading level of all third grade students and any student in grades 4 through 6 who transfers into a district. This reading assessment test must be administered sometime within 45 days from the end of the school year. The school district is required to identify all third grade students who are reading below the second grade level. The district will develop an "individualized reading improvement plan" for any identified student which consists of a minimum of 30 hours of additional reading instruction during summer school or 30 hours of additional practice outside of the regular school day during the fourth grade year.

Students who have reading improvement plans will be tested again at the end of the fourth grade year. If they are assessed to be reading below the third grade level, they will be required to attend summer school and will be tested again at the end of summer school.

If a student still tests below the third grade reading level at the end of summer school, the law requires that the student must be retained in the fourth grade and cannot be promoted to the fifth grade.

Retention may only be imposed once. Along with the yearly re-assessments, the district will continue with the Reading Improvement Plans and with an additional 30 hours of extra practice during summer school.

The remediation and retention requirements of SB 319 do not apply to: (1) students receiving special education services under an individualized education plan; (2) students receiving services pursuant to Section 504, whose service plan includes an element addressing reading; (3) students determined to have limited English proficiency; (4) students who have been determined, prior to the beginning of any school year, to have a cognitive ability insufficient to meeting the reading requirements.

#### SURVEYING, ANALYZING OR EVALUATING STUDENTS

#### **Inspection**

Any parent may inspect, upon request, any instructional material used as part of the educational curriculum and all instructional materials, including teacher's' manuals, films, tapes or other supplementary material, that will be used in connection with any survey, analysis or evaluation as part of any applicable program. Further, a parent may inspect, upon request, a survey created by a third party before the survey is administered or distributed to a student. The term "instructional material" does not include academic tests or academic assessments.

In general, the district will not collect, disclose or use personal student information for the purpose of marketing or selling that information or otherwise providing the information to others for that purpose. In the rare case where the district may collect information from students for the purpose of marketing or selling that information, parents may inspect any instrument used before the instrument is administered or distributed to a student, upon request and in accordance with Board policy.

#### Notice and Opportunity to Opt Out

Parents will receive prior notice and an opportunity to opt a student out of the following:

1. Any other protected information survey regardless of the funding source. A protected information survey includes a survey, analysis of evaluation that reveals any of the following: political affiliations or beliefs of the student or the student's parent; mental or psychological problems of the student or the student's family; sexual behavior or attitudes; illegal, antisocial, self-incriminating or demeaning behavior; critical appraisals of other individuals with whom respondents have close family relationships; legally recognized privileged or analogous relationships, such as those of lawyers, physicians and ministers; religious practices, affiliations or beliefs of the student or the student's parent; or income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

2. Any nonemergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent and not necessary to protect the immediate health and safety of a student, or any physical exam or screening permitted or required under state law, except for hearing, vision or scoliosis screenings.

3. Activities involving the collection, disclosure or use of personal information obtained from students for marketing, selling or otherwise distributing information to others.

The district will directly notify parents of the specific or approximate dates during the school year when the above-listed activities will occur or are expected to occur.

#### **Notification of Policy and Privacy**

Parents will be directly notified of this policy at least annually at the beginning of the school year and within a reasonable period of time after any substantive change in the policy.

The district will take measures to protect the identification and privacy of the students participating in a protected information survey, regardless of the source of funding. These measures may include limiting access to the completed surveys and the survey results as allowed by law. All student educational records will be protected in accordance with law and Board policy JO. The provisions of this policy applicable to parents will transfer to a student who is 18 years old or emancipated.

#### **NOTICE OF NONDISCRIMINATION**

sexual orientation, national origin, ancestry, disability, age, genetic information or any other characteristic protected by law, in admission or access to, or treatment or employment in, its programs and activities.

#### IEFFERSON CITY PUBLIC SCHOOLS FAMILY RIGHTS AND PRIVACY ACT NOTIFICATION

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202-8520

#### EARTHQUAKE PREPAREDNESS

At the beginning of each school year, each school district in the state shall distribute to each student such materials that have been prepared by the Federal Emergency Management Agency, the state emergency management agency or by agencies that are authorities in the area of earthquake safety and that provide the following objectives:

- 1. Developing public awareness regarding the causes of earthquakes, the forces and effects of earthquakes, and the need for school and community action in coping with earthquake hazards;
- 2. Promoting understanding of the impact of earthquakes on natural features and manmade structures; and
- 3. Explaining what safety measures should be taken by individuals and households prior to, during and following an earthquake.

#### Earthquakes in Missouri

The highest earthquake risk in the United States outside the West Coast is in the **New Madrid Seismic Zone**, centered in southeast Missouri's Bootheel. Damaging earthquakes are not as frequent as in California, but when they do occur, the destruction covers more than 20 times the area due to the nature of geologic materials in the region. A major earthquake could mean catastrophic damage in the St. Louis and southeast regions of the state, and significant damage throughout Missouri.

The New Madrid Seismic Zone averages more than 200 earthquakes per year.

Most can't be felt, but a few can cause measurable damage

Experts say there's a **25 to 40 percent chance for a major earthquake** in a fifty year period. The result could be major damage from St. Louis to Memphis. The last major earthquake in the New Madrid Seismic Zone was centered in southeast Missouri, near the town of Charleston, in 1895, so we're overdue for a major earthquake.

**The Great New Madrid Earthquakes of 1811-12** were the largest in U.S. history west of the Rocky Mountains. The massive quakes destroyed homes, created lakes and briefly caused the Mississippi River to run backward. Shaking was felt as far away as the east coast!
