

# Callaway Hills Newsletter

April 22, 2020

Callaway Hills Family,

It was difficult to hear our Governor enact a mandate closing Missouri schools for the remainder of the year. Our staff is wishing you safety and health during the current Covid-19 pandemic. We will continue with the district plan for distance learning for the remainder of the school year.

We understand each family has different needs during this situation. Teachers are reaching out weekly by phone, email, remind app etc... The best way to communicate your needs during this time is communication with your classroom teacher. He or she will be able to make adjustments based on your feedback.

You may access each teacher's weekly learning template on the Callaway Hills [website](#). On the main page click Classrooms, pick a grade level, and select the teacher. On the teacher's page click on the link "Extended Closure: Weekly Plans for Families".

If you call the school, please leave a message. These messages will be forwarded to Mrs. Ahart's email. She will return your call.

In this newsletter you will find a schedule of Google Meet for every classroom teacher. Google Meet allows teachers and students to interact via video conferencing. Students in grades 2-5 can use their district issued chromebook to participate. Students in grades K and 1 can use any personal device in the home that can access Google Suite applications.

We miss our students. Please encourage them to reach out to teachers using technology. Please let us know how we can best help you and your student during this time.

Take care,  
Mr. Shalz

Our new outdoor classroom is coming along!

WiFi

The district is providing Wifi devices for students who don't have access to the internet.
